Precinct Eight

For Three Years:

One Member of the Board of
Public Welfare
One Assessor
Two Members of the School Com-
mittee
One Member of the Board of
Health
Two Trustees of the Public Li-
brary
One Cemetery Commissioner
Ten Town Meeting Members in
Precinct One
Nine Town Meeting Members in
Precinct Two.
Ten Town Meeting Members in
Precinct Three

Nine Town Meeting Members in
Precinct Four

Nine Town Meeting Members in
Precinct Five

Ten Town Meeting Members in
Precinct Six

Nine Town Meeting Members in
Precinct Seven

Twelve Town Meeting Members
in Precinct Eight

For Five Years:

One Member of the Planning
Board

Also those qualified to vote in Town Elections and Town Affairs to assemble in the Town Hall on Wednesday, March 10, A. D. Nineteen Hundred and Forty-three, at Eight o'clock, P. M., to hear and act on the following articles, viz:

Article 1. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws, and any amendments thereto, agreeable to the petition of the Town Treasurer.

Art. 2. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow in accordance with the provisions of Chapter 49 of the Acts of 1933, as most recently amended by Chapter 129 of the Acts of 1941, for the purpose of providing funds to meet ordinary maintenance expenses and revenue loans, such borrowing in no event to exceed the amount of the tax titles held in excess of the amount owing to the Commonwealth for similar loans previously made, or to see what action the Town will take in the matter,

agreeable to the petition of the Town Treasurer.

Art. 3. To see if the Town will vote to amend the Zoning By-Law by adding the words "dog kennel" after the word "sanatorium" in the first line of Section 17, so that the first paragraph of said section will read as follows:

"No permit for cemetery, hospital, sanatorium, dog kennel or philanthropic institution wherever located; or for the place of business of any blacksmith, builder, carpenter, contractor, mason, plumber, roofer, tinsmith, upholsterer, undertaker, or for any mentioned use under heads 7 and 8 of Section 6, in a business district, or for anything permitted only under Section 7, shall be issued by the building inspector except with the written approval of the Selectmen as provided in this section and subject to such conditions as the Board of Selectmen may deem it proper to impose," or to see what action the Town will take in the matter, agreeable to the petition of the Planning Board.

Art. 4. To see if the Town will vote to amend the Zoning Map and the Zoning By-Law so that so much of the premises shown as Lot A-138 on Assessors' Map 2066 as is within 125 feet of the Newburyport Turnpike be zoned for business purposes, or to see what action the Town will take in the matter, agreeable to the petition of Edward S. Batchelder and others.

Art. 5. To see if the Town will vote to amend the Zoning Map and the Zoning By-Law so that so much of the premises shown on lot A-31 and A-33 on Assessors' Map 1022 as is within 150 feet of the Newburyport Turnpike be zoned for business purposes, or to see what action the Town will take in the matter, agreeable to the petition of Barnet Shapiro and others.

Art. 6. To see if the Town will vote to accept that portion of Granite Road, which at present has not been accepted, in accordance with plan and profile on file

with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 7. To see if the Town will vote to accept Johnson Street as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 8. To see if the Town will vote to accept DeSota Street in accordance with plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 9. To see if the Town will vote to accept that portion of Sunnyside Avenue starting at the present point of acceptance and running in an easterly direction a distance of sixty-eight feet in accordance with plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 10. To see if the Town will vote to accept Westland Avenue in accordance with plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 11. To see if the Town will vote to accept Fiske Road in accordance with plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 12. To see if the Town will vote to petition the Great and General Court for legislation whereby the office of Tree Warden will be abolished as an elective office and the Superintendent of Public Works will automatically become Tree Warden upon his appointment and qualification, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 13. To see if the Town will vote to accept the provisions of

Chapter 710 of the Acts of 1941, or to see what action the Town will take in the matter, agreeable to the petition of Marion E. Needham and others.

Art. 14. To hear and act on the reports of Committees.

Art. 15. To see if the Town will vote to appropriate the sum of \$4,000 for the purchase of the old Ironworks House, provided that the Commonwealth of Massachusetts appropriates \$4,000 and another \$4,000 is raised by individual societies, or individuals, or both, during the year 1943; that the Town assumes no responsibility in regard to the upkeep of the property; that when the full amount is raised, the property be turned over either to the United States or the Commonwealth of Massachusetts or a tax-exempt historical, antiquarian or similar appropriate society of Massachusetts; or to see what action the Town will take in the matter, agreeable to the petition of M. Louise Hawkes and others.

Art. 16. To see if the Town will vote to raise and appropriate the sum of \$850 for the purpose of maintaining during the ensuing year the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chap. 112, Acts of 1931, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 17. To see if the Town will vote to appropriate the sum of \$850 to be expended under the direction of the Town Treasurer to investigate and to determine the validity of tax titles held by the Town, or to see what action the Town will take in the matter agreeable to the petition of the Town Treasurer.

Art. 18. To see if the Town will vote to raise and appropriate the sum of \$3500 for the payment of all expenses in connection with the foreclosure of tax titles held by the Town, or to see what action the Town will take in the matter, agreeable to the petition of the Town Treasurer.

reeable to the petition of the Town Treasurer.

Art. 19. To see if the Town will vote to appropriate a sum of money for all expenses of civilian defense, or to see what action the Town will take in the matter, agreeable to the petition of the Saugus Committee on Public Safety.

Art. 20. To see if the Town will vote to raise and appropriate the sum of \$400 for the purpose of purchasing a lot of land adjoining Riverside Cemetery, being part of Lot A-19 and all of Lot A-20 on Assessors' Plan 1014 and owned by the Judd Milling & Lumber Co., containing 108,000 square feet, more or less, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 21. To see if the Town will raise and appropriate the sum of \$2,000 for the salary of a secretary of the Board of Selectmen to coordinate public safety defense and war activities, or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., and others.

Art. 22. To see if the Town will raise and appropriate the sum of \$500 for the expenses of the Saugus War Price and Rationing Board, or to see what action the Town will take in the matter, agreeable to the petition of Edward Gibbs, Jr., and others.

Art. 23. To see if the Town will appropriate a sum of money for water extension on Water Street to the Wakefield line, or to see what action the Town will take in the matter, agreeable to the petition of Mary A. Virnelli and others.

Art. 24. To see if the Town will vote to transfer the sum of \$59.09 from the Road Machinery Fund to the Road Machinery Account to be used for the repair and maintenance of road machinery only, or to see what action the Town will take in the matter, agreeable to the petition of the Town Accountant.

Art. 25. To see if the Town will vote to raise and appropriate the sum of \$110 for the purpose of paying unpaid bills of the Fire Alarm Division for the years prior to 1941, proper affidavits having been filed in accordance with the provisions of General Laws Chapter 44, Section 64 (Chapter 179 of the Acts of 1941), or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 26. To see if the Town will vote to raise and appropriate the sum of \$10,350 for the purpose of paying W.P.A. unpaid bills for the years prior to 1941, now held subject to General Laws Chapter 44, Section 64 (Chapter 179 of the Acts of 1941), or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 27. To see if the Town will vote to raise and appropriate the sum of \$300 to indemnify Walter F. Neal for expenses incurred by him in defense of a suit brought against him by George Smith for an alleged assault while in the performance of his duties as a police officer, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 28. To see if the Town will vote to raise and appropriate the sum of \$3000 for the maintenance of Chapter 90 streets in the Town; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 29. To see if the Town will vote to appropriate the sum of \$500 to replace and repair the roof of stockroom shed at the Public Works Department and to change the doors of that building to overhead, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 30. To see if the Town will

vote to appropriate the sum of \$225 to replace and repair the roof of the American Legion Building, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 31. To see what sums of money the Town will raise and appropriate for Town Charges for the year 1943.

The polls will open at 12 o'clock noon, and will close at 8 o'clock P. M., and you are hereby directed to serve this Warrant by posting attested copies thereof at the usual places seven days, at least, before the time of holding said meeting, and to distribute copies as provided by the By-Laws at least four days before.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this Nineteenth day of January, A. D. Nineteen Hundred and Forty-three.

(seal)

GEORGE H. QUARMBY,
HAROLD P. RICE,
WILLIAM S. OLIVER,

Board of Selectmen.

A true copy,

Attest: W. CHARLES SELICK,
Constable.

COMMONWEALTH OF MASSACHUSETTS

Essex, ss. February 18, 1943

Pursuant hereunto I have served the within Warrant as directed by posting attested copies at the several precincts at least seven days before said meeting according to the By-Laws, and afterwards by delivering to the inhabitants of the Town of Saugus.

A true copy.

Attest: W. CHARLES SELICK,
Constable

February 27, 1943 1943.

In compliance with Chapter 55 of the Acts of 1928 and also with Section 2 of the By-Laws of the Town of Saugus, I hereby certify that today I mailed to all Limited Town Meeting Members a printed copy of the Warrant for the Annual Town Meeting of March 1,

Signed:

VIOLA G. WILSON,
Town Clerk.

A true copy.

Attest: VIOLA G. WILSON,
Town Clerk

Annual Town Election

MARCH 1, 1943

Dear Mrs. Wilson:

March 10, 1943

The Limited Town Meeting Members of Precinct Five met at 7:15 P. M. in the Town Hall on March 10, 1943 for the purpose of breaking the existing tie for one two-year term between George B. Dixon and Helen M. Roberts and the existing tie for one three-year term between Charles W. Donovan, Herbert A. Zimmer and Ralph C. Junkins.

Richard Downes was elected Chairman.

Stanley B. Harmon was elected Secretary.

Fifteen members were present, constituting a quorum.

George B. Dixon receiving 12 votes was elected for the two-year term.

Herbert A. Zimmer receiving 6 votes was elected for the three-year term.

Signed:

RICHARD DOWNES,
Chairman

STANLEY B. HARMON,
Secretary

To Viola G. Wilson
Town Clerk
Saugus, Mass.

Dear Mrs. Wilson:

The Limited Town Meeting Members of Precinct Six met in the Town Hall on March 10, 1943 at 7:46 P. M. to break the existing tie for a three-year term between Carl A. Sawyer and Harold Gregory.

Fifteen members were present, constituting a quorum.

John J. Bucchiere was elected chairman.

Carl E. Chapman was elected secretary.

Harold Gregory, receiving 9 votes was elected for the three-year term.

Signed:

JOHN J. BUCCHIERE,
Chairman
CARL E. CHAPMAN,
Secretary

Assistant Town Clerk

Report of the Finance Committee

MARCH 1, 1943

To the Representative Town Meeting and Citizens of the Town of Saugus

The Finance Committee herewith submits its report on the 1943 Budget:

The Committee in preparing its recommendations has endeavored to be fair with the taxpayer and employee alike. We recognize the fact that this year, the increased cost of food, clothing and other commodities as well as the probability of even higher living costs in the future, has made it imperative that upper adjustments of salaries must be made to meet these increased costs of living. We have given this problem long and serious consideration and have investigated the various methods used in surrounding cities and towns to meet this situation. After weighing all the facts, it was the unanimous opinion of this Committee that a flat 10% increase as suggested by the majority of the departments was the fairest method to be used for our particular case. The Committee wishes it understood that this increase is an Increased Cost of Living increase only and is not in the nature of a permanent salary increase. It is the understanding of all depart-

ment heads and employees that in the event of a decrease in the cost of living, these increases shall be adjusted by a future town meeting. In order that there will be no misunderstanding, the Committee has requested the Town Accountant to notify all boards, committees, department heads and officials authorized to expend money, the following information regarding every employee under their jurisdiction: permanent salary, increased cost of living increase and total amount of 1943 compensation.

Due to the fact that State and County figures show a marked improvement over previous years and also in view of the fact that the general financial condition of the town is better than it has been for several years, the Committee feels that if the recommendations set forth in this report (which are \$21,000.00 less than the amount appropriated in 1942) are followed, that the Increased Cost of Living increases granted will not increase the tax rate over that of last year but on the contrary there is an excellent possibility of a reduction in the 1943 tax rate.

	Requested	Recommended
ARTICLE 31 (General Budget)	\$797,433.72	\$767,941.00
SPECIAL ARTICLES	33,585.00	28,385.00
TOTALS	\$831,018.72	\$796,326.00

Comments on the General Budget, Article No. 31

Item 18, Police. The Committee has provided for the purchase of a new prowl car in this budget. The present prowl car is in poor mechanical condition and costs of repairs have started to mount rapidly and we feel that in view of this condition that a new prowl car is an essential item this year.

Item 22, Fire Alarm Division.

Additional funds are necessary to make long-needed vital repairs and the Committee feels that these repairs should be made this year as the start of a program to improve the nerve-center of our fire protection system. This is also an important defense factor.

Item 24, Building Inspector. The work of this department has increased considerably in recent years and the Committee feels this

year, the Building Inspector should be put on a full-time basis with the express understanding that in addition to his duties as Building Inspector, that he shall make all repairs to town buildings under the jurisdiction of the Board of Selectmen and shall not engage in private outside work during Town working hours.

Item 25, Sealer of Weights and Measures. The decreased amount recommended is in conformity with a vote of the Board of Selectmen making the Sealer of Weights and Measures a part-time official.

Item 27, Harbormaster. The Committee has recommended \$37.50 for the first three months of 1943. No budget was presented and no one appeared before the Committee. We feel that this position should be abolished effective March 31, 1943.

Item 34, Sewer Department. At the time this budget was presented, it was believed that the W. P. A. Sewer project would continue until June 30, 1943, but we were informed on February 24th that this project would close on March 5th. The Selectmen requested that the unencumbered balance of W. P. A. funds be transferred to the Sewer Department to complete the construction now in progress on Main Street, to tie in the school buildings. The Committee feels that this should be done and have recommended this transfer for construction only as requested.

Item 35, Highways. The Committee is cognizant of the fact that the equipment in the entire Public Works Department is in deplorable condition. There are ten trucks in the Highway Department and the newest truck is a 1937 model. The rest go back as far as 1924. The heaviest truck in the department is a 3½ ton White, 1927 model. The repair bills on these trucks have increased to such an extent and as parts are almost impossible to obtain by reason of age and war conditions the Committee feels that the time has come

when the Town should stop spending huge sums for repairs and for hiring outside trucks to replace these old delapidated trucks especially in time of emergency such as the last snow storm when our own trucks were all broken down at once. The department has two tractors, a 1936 Holt 1-ton and a 1938 Cletrac sidewalk tractor. The Holt is practically useless and the Cletrac has been used for work heavier than it was built for and as a result has been so severely used that it is only a matter of time when it will have to be replaced.

In view of the foregoing conditions, it is the unanimous opinion of this Committee that one new truck of at least 3½ ton capacity and one new bull-dozer should be purchased this year and that new equipment should be added each coming year until this situation is remedied. We understand that the Town has a priority rating which will enable us to purchase these badly needed pieces of equipment. We also feel that to put off the purchase of this equipment any longer is definitely false economy.

Item 38, Highway Surface Treatment. The Committee is also cognizant of the fact that there are many miles of road in the Town to be maintained. The majority of our heaviest travelled streets are in very poor condition. In previous years when the E.R.A., C.W.A. W.P.A. were in operation it was the policy of the Town Meeting to provide for roadwork out of these funds. This was done primarily to employ the greatest amount of man-power to be paid from Federal funds for the minimum material cost to the Town. Inasmuch as the W.P.A. program will be definitely discontinued in Saugus on March 5, 1943, the above mentioned procedure is no longer possible. In order to carry on a progressive program of highway resurfacing the Committee feels that at least the recommended amount should be provided this year for materials only.

Item 50, Schoolhouse Repairs. The Committee feels that the mini-

imum amount that should be set up each year for repairs to school-houses is 1% of their valuation. Inasmuch as our total schoolhouse valuation is \$1,000,000 it therefore follows that not less than \$10,000 should be appropriated for normal maintenance and repair needs. Repairs in past years have been sorely neglected. We feel that failure to start the progressive program now is false economy. Due to the acute fuel situation it is mandatory that the School Committee convert from oil to coal at the Central Junior High and the estimated cost of this conversion is \$2,000.00. This amount is included in the total recommended for School Repairs.

Item 67, Cemetery Department. The Committee in recommending this budget, has provided funds for the construction of a foundation under the Cemetery office building. This will eliminate a bad situation that has existed for many years and will provide proper toilet facilities for both the Cemetery employees and the public. This must be done to comply with local and State health regulations.

Comment on Special Articles

This year, the Committee has recommended all special financial articles with the exception of Article 23 which is for water extension on Water Street. The distance involved is approximately 8/10 of a mile and the number of takers too few to warrant the expenditure involved and to even attempt to do this extension work is in violation of the regulations of the War Production Board.

Annual Town Meeting

MARCH 10, 1943

The meeting was called to order at 8 p. m. by the Moderator Laurence F. Davis.

A count of the members was taken. 142 were present, constituting a quorum. The tellers appointed were Arthur C. Dunk, Charles C. DeFronzo, Fred C. Smith and Edwin M. Thompson.

Town meeting members not previously qualified were sworn in by the Assistant Town Clerk.

The salute to the flag was given. An invocation was offered by Rev. Charles B. McDuffee.

The reading of the warrant was waived by unanimous consent.

The reading of the records of the previous meeting was waived by unanimous consent.

Article 1. Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1943 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws, and amendments thereto. Yeas 142, Nays 0. Unanimous. 8:11 P. M.

Art. 2. Voted: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow in accordance with the provisions of Chapter 49 of the Acts of 1933, as amended, for the purpose of providing funds to meet ordinary maintenance expenses and revenue loans, such borrowing in no event to exceed the amount of the tax titles held in excess of the amount owing to the Commonwealth for similar loans previously made. Yeas 142. Nays 0. Unanimous. 8:13 P. M.

Art. 3.

Report of the Planning Board

After advertising in the Saugus Weekly Advertiser issues of February 11, and 18, 1943 the Planning Board held a public hearing on Article 3 in the Town Hall on March 8, 1943 and after discussion the Board recommends adoption of the article.

William H. Robinson,
Chairman.

Voted: To amend the Zoning By-Law by adding the words "dog kennel" after the word "sanatorium" in the first line of Section 17, so that the first paragraph of said section will read as follows:

"No permit for cemetery, hospital, sanatorium, dog kennel or philanthropic institution wherever located; or for the place of business of any blacksmith, builder, carpenter, contractor, mason, plumber, roofer, tinsmith, upholsterer, undertaker, or for any mentioned use under heads 7 and 8 of Section 6, in a business district, or for anything permitted only under Section 7, shall be issued by the building inspector except with the written approval of the Selectmen as provided in this section and subject to such conditions as the Board of Selectmen may deem it proper to impose." Yeas 142. Nays 0. 8:15 P. M.

Art. 4.

Report of the Planning Board

After advertising in the Saugus Weekly Advertiser issues of February 11, and 18, 1943 the Planning Board held a public hearing on Article 4 in the Town Hall on March 8, 1943 and after discussion the board recommends adoption of the article.

William H. Robinson,
Chairman.

Voted: To amend the Zoning Map and the Zoning By-Laws so that so much of the premises shown as Lot A-138 on Assessors' Map 2066

as is within 125' of the Newburyport Turnpike be zoned for business purposes. 145 yeas. 0 Nays. 8:16½ P. M.

Art. 5. Voted to indefinitely postpone. 8:17 P. M.

Art. 6. Voted: That the laying out of a Town way substantially in the location of a Private Way known as Granite Road as made and reported by the Selectmen be accepted. 8:22 P. M.

Art. 7. Voted: That the laying out of a Town Way substantially in the location of a Private Way known as Johnson Street as made and reported by the Selectmen be accepted. 8:24 P. M.

Art. 8. Voted: That the laying out of a Town Way substantially in the location of a Private Way known as DeSota Street as made and reported by the Selectmen be accepted. 8:29 P. M.

Art. 9. Voted: That the laying out of a Town Way substantially in the location of a Private Way known as Sunnyside Avenue as made and reported by the Selectmen be accepted. 8:30 P. M.

Art. 10. Voted: That the laying out of a Town Way substantially in the location of a Private Way known as Westland Avenue as made and reported by the Selectmen be accepted. 8:40 P. M.

Art. 11. Voted: That the laying out of a Town Way substantially in the location of a Private Way known as Fiske Road, as made and reported by the Selectmen be accepted. 8:44 P. M.

Art. 12. Voted to indefinitely postpone. 9:05 P. M.

Art. 13. Voted to accept Chapter 710 of the Acts of 1941. 9:08 P. M.

Art. 14. Voted to accept the report of the Finance Committee. There were no other reports. 9:09 P. M.

Art. 15. Voted: That the sum of \$4,000.00 be and the same is hereby appropriated for the purchase of the Old Ironworks House to be expended by the Board of

Selectmen only when the Commonwealth of Massachusetts appropriates \$4,000.00 and another \$4,000.00 is raised by individual societies, or individuals, or both, during the year 1943; that the foregoing appropriation is made with the understanding that the Town assumes no responsibility in regard to the upkeep of the property and that when the full amount is raised, the property be turned over either to the United States or the Commonwealth of Massachusetts or a tax-exempt historical, antiquarian or similar appropriate society of Massachusetts. 9:27 P. M.

Art. 16. Voted: That the sum of \$850.00 be and the same is hereby appropriated for Mosquito Control under the provisions of Chapter 112, Acts of 1931, said sum to be spent under the direction of the Board of Selectmen. 9:28 P. M.

Art. 17. Voted: That the sum of \$850.00 be and the same is hereby appropriated to investigate and determine the validity of tax titles held by the Town, said sum to be expended under direction of the Town Treasurer. 9:29 P. M.

Art. 18. Voted: That the sum of \$3,500.00 be and the same is hereby appropriated for the payment of all expenses in connection with the foreclosure of tax titles held by the Town, said sum to be expended under direction of the Town Treasurer. 9:29½ P. M.

At this point Mr. Willis took the chair. 9:31 P. M.

Art. 19. Voted: That the sum of \$2,400.00 be and the same is hereby appropriated for all expenses of civilian defense, said sum to be expended under the direction of the Saugus Committee on Public Safety. 9:34 P. M.

Art. 20. Voted: That the sum of \$400.00 be and the same is hereby appropriated for the purpose of purchasing a lot of land adjoining Riverside Cemetery, being part of Lot A-19 and all of Lot A-20 on Assessors' Plan 1014 and now owned by the Judd Milling and Lumber Co., containing 108,000 square feet, more or less, said sum

to be expended under the direction of the Board of Selectmen. 9:40 P. M.

Art. 21. Voted: That the sum of \$2,000.00 be and the same is hereby appropriated for the salary of a Secretary of the Board of Selectmen to assist in coordinating public safety defense and war activities said sum to be expended under the direction of the Board of Selectmen. 9:49 P. M.

Art. 22. Voted: That the sum of \$500.00 be and the same is hereby appropriated for the expenses of the Saugus War Price and Rationing Board. 9:50 P. M.

Art. 23. Voted to indefinitely postpone. 9:50½ P. M.

Mr. Banks serves notice to reconsider Article 20.

Art. 24. Voted: That the sum of \$59.09 be and the same is hereby transferred from the Road Machinery Fund to the Road Machinery Account to be used only for the repair and maintenance of Road machinery. 9:52 P. M.

Motion was made to reconsider Article 20.

Motion was lost. 9:53½ P. M.

Art. 25. Voted: That the sum of \$110.00 be and the same is hereby appropriated for the purpose of paying unpaid bills of the Fire Alarm Division for the years prior to 1941, proper affidavits having been filed in accordance with the provisions of General Laws, Chapter 44, Section 64 (Chapter 179 of the Acts of 1941). 4/5 vote. 9:54 P. M.

Art. 26. Voted: That the sum of \$6,090.04 be and the same is hereby appropriated for the purpose of paying W. P. A. unpaid bills for the years prior to 1941, now held subject to General Laws, Chapter 44, Section 64 (Chapter 179 of the Acts of 1941). 4/5 vote. 10:10 P. M.

Art. 27. Voted: That the sum of \$300.00 be and the same is hereby appropriated to indemnify Walter F. Neal for expenses incurred by him in defense of a suit brought against him for an alleged assault

while in performance of his duties as a police officer. 10:11 P. M.

Art. 28. Voted: That the sum of \$3,000.00 be and the same is hereby appropriated for the maintenance of Chapter 90 streets in the Town; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose. 10:11½ P. M.

Art. 29. Voted: That the sum of \$500.00 be and the same is hereby appropriated for replacing and repairing the roof of the stockroom shed at the Public Works Department and to change the doors of that building to overhead; said sum to be used for materials only. 10:12 P. M.

Mrs. Viola G. Wilson
Town Clerk
Town Hall
Saugus, Massachusetts

Dear Mrs. Wilson:

I am hereby notifying you that I have appointed Frederick B. Willis, Esq., Mr. Henry A. B. Peckham and Mr. Horace C. Ramsdell as a committee to prepare and present resolutions to the next Town Meeting relative to the late Judge William E. Ludden. This committee is named in accordance with a resolution unanimously adopted at the last session of the annual 1943 Town Meeting.

Very truly yours,

LAURENCE F. DAVIS,
Town Moderator

Town Clerk.

Warrant for the Special Town Meeting

NOVEMBER 15, 1943

Essex, ss.

To W. Charles Sellick, Constable of the Town of Saugus,

Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town Affairs, to assemble in the Town Hall on Monday, November Fifteenth, A. D. Nineteen Hundred and Forty-three, at Eight o'clock, P.M., to hear and act on the following articles, viz:

Article 1. To hear and act on reports of Committees.

Art. 2. To see if the Town will vote to accept Sunnyside Park as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 3. To see if the Town will vote to accept Nason Road as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 4. To see if the town will vote to accept Connolly Avenue as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 5. To see if the Town will vote to accept Greatwoods Road as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 6. To see if the Town will vote to accept a portion of Hawkes Street as per plan and profile on file with the Town Clerk, or to see what action the Town will take in

the matter, agreeable to the petition of the Board of Selectmen.

Art. 7. To see if the Town will vote to accept Lenox Avenue as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 8. To see if the Town will vote to accept Birthwood Avenue as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 9. To see if the Town will vote to accept Oakcrest Street as per plan and profile on file with the Town Clerk, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 10. To see if the Town will vote to amend Section 23, paragraph (a) of the Zoning By-Laws by striking out the word "two" and inserting in place thereof the words "not more than six", so that said paragraph (a) will read as follows:

(a) Permit the alteration of a one-family house or building, existing at the time this By-Law is adopted and wherever located, to accommodate not more than six families.

or to see what action the Town will take in the matter, agreeable to the petition of the Planning Board.

Art. 11. To see if the Town will vote to change the Zoning By-Laws and Zoning Map so that the following described land shall be zoned for business purposes:

Commencing at a point on Broadway at the intersection of land of Bookstein and Burns, then running northerly along Broadway a distance of 517 feet; thence turning at right angles and running in a westerly direc-

tion a distance of 100 feet; thence turning and running southerly and parallel to Broadway a distance of 517 feet; thence turning and running easterly 100 feet to the point of beginning.

or to see what action the Town will take in the matter, agreeable to the petition of Newell Bartlett and others.

Art. 12. To see if the Town will vote to permit the land shown as lots A-78 to A-84 inclusive and A-86 to A-91 inclusive on Assessors' Plan 2029, to be used for cemetery purposes, or to see what action the Town will take in the matter, agreeable to the petition of Angelina S. Hayden and others.

Art. 13. To see if the Town will vote to permit the use for burial purposes of the land known as Lot A-29, as shown on a plan of land in the Assessors' Office (Plan 1025) and situated on the northerly side of Essex Street, or to see what action the Town will take in the matter, agreeable to the petition of William R. Smith and others.

Art. 14. To see if the Town will vote to petition the Great and General Court for legislation that will exempt the Town of Saugus from the Provisions of General Laws, chapter 92, section 10, as amended by chapter 543 of the Acts of 1943, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 15. To see if the Town will vote to purchase the Old Iron Works House, so-called, in accordance with the provisions of Chapter 507 of the Acts of 1943, and will vote to transfer the sum of four thousand dollars (\$4000), appropriated under Article 15 of the Annual Town Meeting held March 10, 1943, for that purpose, said sum so transferred to be expended in conjunction with a similar amount provided by the Commonwealth and with such sums as shall be contributed and paid into the Town Treasury by associations or individuals, or to see what action the Town will take in the matter, agreeable to the petition of M. Louise Hawkes and others.

Art. 16. To see if the Town will vote to authorize the appointment of a committee to purchase and to have charge of the property mentioned in the preceding Article, or to see what action the Town will take in the matter, agreeable to the petition of M. Louise Hawkes and others.

Art. 17. To see if the Town will vote to transfer all materials and stock now held for the Aberdeen and Saugus Avenues Water Main Extension account to the Water Extension account, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 18. To see if the Town will vote to appropriate and transfer the sum of \$7,000.00 from the Public Welfare—Temporary Aid account to the Old Age Assistance—Aid account, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Public Welfare.

Art. 19. To see if the Town will vote to appropriate and transfer the sum of \$350.00 from the Public Welfare—Temporary Aid account to the Old Age Assistance—Administration account, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Public Welfare.

Art. 20. To see if the Town will vote to appropriate and transfer the sum of \$2,000.00 for Water Purchase, said sum to be transferred from any available unexpended appropriation account balances, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 21. To see if the Town will vote to appropriate and transfer the sum of \$650.00 for Snow and Ice Removal for the purchase of a snowplow, said sum to be transferred from any available unexpended appropriation account balances, or to see what action the Town will take in the matter, agreeable to the petition of the Board of Selectmen.

Art. 22. To see if the Town will vote to appropriate and transfer

the sum of \$1,000.00 for the Reserve Fund, said sum to be transferred from any available unexpended appropriation account balances, or to see what action the Town will take in the matter agreeable to the petition of the Finance Committee.

You are hereby directed to serve this Warrant by posting attested copies thereof at the usual places seven days, at least, before the time of holding said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and the Town Seal this Eighteenth day of October, A.D. Nineteen Hundred and Forty-three.

Special Town Meeting

NOVEMBER 15, 1943

The meeting was called to order at 8:25 P.M. There was a quorum.

The salute to the flag was given.

The reading of the warrant was dispensed with.

Voted to dispense with the reading of the records.

The tellers were sworn in.
Article 1.

Reports of Committees.

The Finance Committee Report was read and accepted.

The following Resolution was adopted by the meeting:

Whereas, The town meeting members of the Town of Saugus desire to make formal recognition of the high respect with which the late Honorable William E. Ludden is remembered, by the adoption of resolutions and expressing the great and irreparable loss suffered in his death and paying highly deserved tribute to him whose high sense of honor and many estimable traits of character endeared him to all who had the good fortune to know him; therefore be it

Resolved, That the death of Judge Ludden has deprived not only the Town of Saugus but the Commonwealth of the services of a highly respected and most conscientious citizen. He served for more than a score of years as Trial Justice in our town and in administering his judicial duties he proved himself a man possessed of great wisdom and endowed with a high sense of honor and duty. He served the town faithfully and efficiently for many years as its town counsel. He also served faithfully and efficiently as a member of the Cemetery Commission and as a member of numerous special building and other town committees. In his service as a town meeting member under the representative town meeting government, he proved himself to be a most valuable mem-

ber by reason of his remarkable talents in the conduct of municipal affairs, and in his service as such member the town was the beneficiary of his wise counsel and judgment. He has left a record of lifelong devotion to high ideals. The memory of his upright and useful life will long be cherished by his fellow citizens, and will be an inspiration to patriotism and to nobility of purpose; and be it further

Resolved, That these resolutions be spread upon the records of the town and that a copy thereof be sent to the family of the late Judge Ludden.

FREDERICK B. WILLIS,
HENRY A. B. PECKHAM,
HORACE C. RAMSDELL

Art. 2. Voted: That the Town accept the lay-out of a Town way on Sunnyside Park Ave. in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:30 P.M.

Art. 3. Voted: That the town accept the lay-out of a Town way on Nason Road in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:31 P.M.

Art. 4. Voted: That the Town accept the lay-out of a Town way on Connolly Ave. in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:32 P.M.

Art. 5. Voted: That the Town accept the lay-out of a Town way on Greatwoods Road in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:37 P.M.

Art. 6. Voted: That the Town accept the lay-out of a Town way on Hawkes St. in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:38 P.M.

Art. 7. Voted: That the Town accept the lay-out of a Town way on Lennox Ave. in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:38½ P. M.

Art. 8. Voted: That the Town accept the lay-out of a Town way on Birchwood Ave., in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:40 P. M.

Art. 9. Voted: That the Town accept the lay-out of a Town way on Oakcrest St. in accordance with a report of the Board of Selectmen, and plan filed in the office of the Town Clerk. 8:40½ P. M.

Art. 10. Voted to indefinitely postpone. 9:00 P. M.

Art. 11.

Report of the Planning Board.

After advertising in the Saugus Weekly Advertiser issue of November 4, 1943 the Planning Board held a Public Hearing on Article 11 in the Town Hall on November 8, 1943 and after discussion the Board recommends adoption of the article as amended.

Voted: To amend the Zoning By-Laws and Zoning Map so that the following described land shall be zoned for business purposes:

Commencing at a point on Broadway at the intersection of land of Bookstein and Burns, thence running northerly along Broadway a distance of 285 feet; thence turning westerly for a distance of 100 feet; thence turning southerly for a distance of 275 feet; thence turning easterly for a distance of 101 feet to the point of beginning.

Yeas 94, Nays 0. Unanimous. 9:04 P. M.

Art. 12. The motion was lost. Yeas 0, Nays 109.

Art. 13. Voted to indefinitely postpone. 9:32 P. M.

Art. 14. Voted: That the Town petition the Great and General Court for legislation that will exempt the Town of Saugus from the

provisions of General Laws, Chapter 92, Section 10, amended by Chapter 543 of the Acts of 1943. 9:33 P. M. Unanimous.

Art. 15. Voted: That the Town acquire by purchase the property on Central Street known as the Old Iron Works House, so-called, in accordance with the provisions of Chapter 507 of the Acts of 1943 and for this purpose the sum of \$4,000.00, appropriated under Article 15 of the Annual Town Meeting held March 10, 1943, is transferred to be expended in conjunction with a similar amount provided by the Commonwealth and with such sums as shall be contributed and paid into the Town Treasury by associations or individuals; provided, however, that no sum shall be expended hereunder until the contributions required by said Chapter 507 are paid in to the Town Treasury. Unanimous. 9:34 P. M.

Art. 16. Voted: That the Moderator appoint a committee of five citizens to make the purchase provided for under Article 15, said committee to have full authority to do all things necessary therefor, and said committee shall have charge of said property after its purchase and until the further vote of the Town. Any vacancies which may at any time exist in said committee shall be filled by appointment by the Town Moderator. Unanimous. 9:35 P. M.

Art. 17. Voted to indefinitely postpone. 10:00 P. M.

Art. 18. Voted: That the sum of \$7,000.00 be and the same is hereby transferred from the Public Welfare—temporary Aid account to the Old Age Assistance—Aid account. 10:01 P. M.

Art. 19. Voted: That the sum of \$350.00 be and the same is hereby transferred from the Public Welfare—temporary Aid account to the Old Age Assistance—Administration account. 10:02 P. M.

Art. 20. Voted: That the sum of \$2000.00 be and the same is hereby transferred from the Interest on Temporary Loans account to the

Water Purchase account. 10:02½ P. M.

Mr. Bucchiere served notice to reconsider Art. 16.

Art. 21. Voted: That the sum of \$300.00 from Highways (unexpended balance of Purchase of Equipment) account and the sum of \$350.00 from Purchase of Fire Pumper account be and the same is hereby transferred to the Snow and Ice Removal account for the purchase of a snowplow. 10:03 P. M.

Art. 22. The motion was lost. 10:04 P. M.

Mr. Bucchiere moved to reconsider Art. 16. The motion was lost. 10:13 P. M.

The meeting was adjourned at 10:13 P. M.

Paid to Town Treasurer \$156.00

Respectfully submitted,

VIOLA G. WILSON, Collector of Taxes.

Report of An Audit of the Accounts of the Town of Saugus

For the Period from October 17, 1941 to October 31, 1942

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS
AND TAXATION
DIVISION OF ACCOUNTS
STATE HOUSE, BOSTON

May 20, 1943

To the Board of Selectmen
Mr. Harold P. Rice, Chairman
Saugus, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Saugus for the period from October 17, 1941, to October 31, 1942, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporation and
Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Saugus for the period from October 17, 1941, the date of the previous examination, to October 31, 1942, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing funds for the town or committing bills for collection, were examined and checked for the period covered by the audit.

The town accountant's ledger accounts were analyzed and checked in detail. The receipts as recorded were checked with the treasurer's books and the recorded payments were compared with the treasurer's cash book and the treasury warrants. The appropriations and transfers as recorded were checked with the town clerk's records of town meetings.

A trial balance was taken off proving the accounts to be in balance, the necessary adjustments resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of October 31, 1942.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments in which charges originated or in which money was collected for the town. The disbursements were checked with the selectmen's warrants authorizing the treasurer to pay out town funds and with the accountant's books.

The cash book additions were checked, and the cash balance on October 31, 1942, was verified by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of maturing debt and interest were proved with the amounts falling due during the period covered by the audit and were checked with

the cancelled securities and coupons on file.

The books and accounts of the town treasurer as custodian of the several trust funds and as treasurer of the retirement system funds were examined and checked in detail. The savings bank books and securities representing the investments of the several funds were personally examined, the income was proved, and all transactions were verified and compared with the treasurer's and the accountant's books; and in the case of the retirement system funds, where checked with the records of the Retirement Board.

The record of tax titles held by the town were examined and checked in detail. The amounts added to the tax title account were compared with the collector's records and the accountant's books, the reported redemptions were checked to the treasurer's cash book, and the tax titles on hand were listed. After the necessary adjusting entries were made, the accounts were reconciled with the accountant's ledger and checked with the records at the Registry of Deeds.

It was noted that pay-roll deductions are being made from the salaries and wages due town employees at the request of certain employees, for group hospital service. Attention is called to the fact that the only withholdings from salaries and wages authorized by the law are for the retirement system, for the purchase of war bonds, and for victory taxes.

In proving the tax title account to the accountant's control accounts, many errors were noted, and it was necessary to check in detail all postings of taxes, assessments, and redemptions, which procedure greatly increased the time required to check these accounts and hence the cost of the audit. The town holds a large number of tax titles and it is recommended that individual tax title accounts be checked at frequent intervals and reconciled with the control account in the town accountant's ledger.

The books and accounts of the collector of taxes were examined and checked in detail. The taxes, assessments, and water charges outstanding according to the previous examination, and all subsequent commitments, were audited and checked. The recorded collections were checked with the treasurer's and the accountant's books, the abatements as entered were verified by comparison with the departmental records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger account.

The outstanding tax, assessment, and departmental accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

Although the office of the tax collector appears to have an adequate staff of assistants, the quality of the work performed is below standard. In order to reconcile the tax and assessment accounts it was necessary to check all cash postings, as well as postings of abatements and tax titles, and this work disclosed a great number of errors of various descriptions. The time required to check the work in the collector's office added greatly to the cost of the audit and it is recommended that greater care be exercised in the work, which should be checked frequently to determine that the actual accounts are in agreement with the accountant's ledger.

Attention is called further to the delay in collecting taxes and assessments. Taxes are outstanding as far back as 1935, assessments on the books date from 1936, while outstanding water accounts run back to 1933 and prior years. It is recommended that immediate action be taken to clear these old accounts.

In checking the tax accounts it was noted that, in many instances, the detailed list of commitments of taxes and assessments was not

in agreement with the warrants issued for their collection to the collector, and the abatements recorded as granted were not in agreement with the amounts of abatements reported to the accountant.

The financial records of the town clerk were examined and checked in detail. The recorded receipts on account of town licenses, permits, recording fees, etc., were examined and checked in detail, the payments to the treasurer being compared with the treasurer's and the accountant's books. The collections on account of sporting and dog licenses issued were verified and compared with the recorded payments to the State and town.

The records of departmental cash collections of the sealer of weights and measures, the inspector of buildings and the inspector of plumbing, as well as of the police, fire, health, public welfare, school, library, and all other departments in which money was collected for the town or bills sent out for collection, were examined and checked.

DETAILED TABLES SHOWING THE FINANCIAL TRANSACTIONS OF THE SEVERAL DEPARTMENTS AND BALANCE SHEET AS OF OCTOBER 31, 1942 ARE ON FILE IN THE OFFICE OF THE TOWN CLERK AND TOWN ACCOUNTANT, TOWN HALL, SAUGUS, MASS.

The payments to the town treasurer were verified and the cash on hand in the several departments was verified by actual count.

The surety bonds filed by the several town officials for the faithful performance of their duties were examined.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the cash of the treasurer, collector, and town clerk, summaries of the tax, assessment, tax title, departmental, and water accounts, together with schedules showing the condition and transactions of the several trust and retirement funds.

For the cooperation received from the several officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts

Report of An Audit of the Accounts of the Town of Saugus

For the Period from November 1, 1942 to October 31, 1943

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS & TAXATION
DIVISION OF ACCOUNTS

January 28, 1944

To the Board of Selectmen
Mr. Harold P. Rice, Chairman
Saugus, Massachusetts

Gentlemen:

I submit herewith my report of

an audit of the books and accounts of the town of Saugus for the period from November 1, 1942, to October 31, 1943, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant

Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and
Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Saugus for the period from November 1, 1942, the date of the previous examination, to October 31, 1933, the following report being submitted thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the books of the town accountant and the treasurer.

The books and accounts of the town accountant were examined and checked with the treasurer's books and with the records of the several departments collecting money for the town.

The appropriations and transfers as entered in the ledger were checked with the town clerk's record of appropriations and transfers voted by the town.

The ledger was analyzed, the necessary adjusting entries were made, and a balance sheet was prepared showing the financial condition of the town on October 31, 1943.

In connection with the overdrafts in the Chapter 90 maintenance highway account, attention is called to the fact that expenditures for highway projects carried on by the town in conjunction with the State may not exceed the aggregate amount of the appropriations voted by the town, together with the amounts actually received on account of allotments. Whenever re-

imbursements from the State are not received in time to provide funds for payment of pay-rolls and materials, temporary loans under the provisions of Section 6A, Chapter 44, General Laws, may be issued by the treasurer without a town vote.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and checked with the town accountant's books and with the records in the various departments collecting money for the town, as well as with the other sources from which money was paid into the town's treasury, while the payments were compared with the approved warrants. The cash in the office on October 31, 1943, was verified by actual count and the bank balances were reconciled with statements furnished by the banks of deposit.

The reported payments on account of debt and interest were compared with the amounts falling due and with the cancelled securities and coupons on file. The unpaid coupons were reconciled with a statement furnished by the bank in which such funds are deposited.

The securities and savings bank books representing the investments of the trust and contributory retirement funds were examined and listed. The transfers to the town were verified and the income of the several funds was proved and found to be correct.

The treasurer's records of tax titles held by the town were examined and checked in detail. The taxes transferred to the tax title account were compared with the collector's tax books, the recorded redemptions on account of tax titles were checked to the treasurer's cash books, and the tax titles disclaimed and foreclosed were verified. The tax titles held on October 31, 1943, were listed and checked with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The outstand-

ing accounts at the time of the previous examination and all subsequent commitments of taxes, assessments, and water charges were analyzed and checked. The payments to the treasurer were compared with the treasurer's cash book, the abatements were checked with the assessors' and departmental records of abatements granted, and the outstanding accounts were listed and reconciled with the accounts as shown in the accountant's ledger.

The quality of the clerical work in the office of the tax collector shows great improvement, although the time required to prove the tax accounts could be further reduced if the accounts outstanding were compared frequently with the accountant's control accounts and any differences found were reconciled.

Verification notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The town clerk's records of sporting, dog, and town licenses were examined, the payments to the Division of Fisheries and Game being verified with receipts on file and the payments to the town treasurer being compared with the treasurer's and accountant's books.

The surety bonds furnished by the town officials to be bonded were examined and found to be in proper form.

The records of the sealer of

weights and measures and of the health, school, and library departments were examined and checked, the payments to the treasurer being compared with the treasurer's and the accountant's books.

In addition to the departments mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined and reconciled.

THE WORK OF THE AUDIT WAS GREATLY REDUCED DUE TO THE GREAT EFFORT MADE BY THE OFFICIALS TO IMPROVE THE GENERAL PRACTICES, AND THE BALANCE SHEET, WHEN COMPARED WITH THAT OF A YEAR AGO, SHOWS A GREAT IMPROVED FINANCIAL CONDITION.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and town clerk's cash, summaries of the tax, assessment, tax titles, and departmental accounts, together with tables relative to the trust and municipal contributory retirement funds, and a summary of the water department accounts.

While engaged in making the audit, cooperation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts

DETAILED TABLES SHOWING THE FINANCIAL TRANSACTIONS OF THE SEVERAL DEPARTMENTS AND BALANCE SHEET AS OF OCTOBER 31, 1943 ARE ON FILE IN THE OFFICE OF THE TOWN CLERK AND TOWN ACCOUNTANT, TOWN HALL, SAUGUS, MASS.

Report of Town Accountant

December 31, 1943

To the Honorable Board of
Selectmen
Town Hall
Saugus, Massachusetts

Gentlemen:

I herewith submit my sixth annual report as Town Accountant for the year 1943. The report is made in accordance with the State System of Accounting as is set forth in the following schedules. In order to fully explain some of the major accomplishments during the past year and some of the problems to be considered during the coming year, I respectfully submit the following for your consideration:

1. GENERAL FINANCIAL CONDITION

Appropriation Accounts:

At the close of the year, the various appropriation accounts showed unexpended balances amounting to \$25,528.78 which reverted to surplus revenue. This is the largest amount that has reverted to this account in the past eleven years.

Temporary Loans:

Outstanding temporary loans in anticipation of taxes have remained at \$200,000.00, the same as on December 31, 1942. This amount is probably the normal amount of outstanding loans of this type that the town should have at the close of the year according to the balance sheet attached hereto.

Tax Title Loans:

The sum of \$48,632.97 was paid on outstanding tax title notes and no borrowing on tax titles was made during 1943. This reduced the amount of outstanding tax title notes from \$252,000.00 to \$203,367.

Town Indebtedness:

The total amount of town indebtedness was reduced from \$922,000.00 to \$848,367.03, a reduction of \$73,632.97 during the past year.

Outstanding Taxes:

A comparison of the outstanding taxes shown on the attached balance sheet with the outstanding taxes shown on balance sheets of previous years shows that a concerted effort has been made by the tax collector during the past year to clear the old outstanding taxes. The present outstanding tax list is now in better condition than it has been since 1930.

2. UNPAID BILLS

On closing the books of the town, it was found that there remained an unpaid bill in the amount of \$2,278.53 for water purchased from the City of Melrose. It appears that this water is furnished to the town to supply the Golden Hills section and that during the first quarter of 1943, a serious break in the pipe line along the edge of one of the ponds in this section was the cause of this excessive water charge. When the article pertaining to this unpaid bill is presented at the 1944 annual town meeting, a full explanation of the facts should be given the town meeting members by the proper authority.

3. VICTORY TAX AND WITHHOLDING TAX DEDUCTIONS

During 1943, the provisions of the Federal Revenue Act whereby certain deductions must be made from the gross earnings of all town employees for income tax purposes have been complied with. The necessary new records were set up and the detail work involved has been absorbed by the Accounting Department. This has also caused additional payroll detail work in all the various town departments and I wish to thank the various department heads and employees responsible for making up departmental payrolls for their splendid cooperation during the year.

4. RETIREMENT SYSTEM RECORDS

The entire records of the Contributory Retirement System have

been personally handled by the Town Accountant since the effective date, July 1, 1937. During this time no monies have been paid for this work which have been charged to the expense and administration of this system. New legislation enacted in 1942 which made the inclusion of all reserve policemen and call firemen of cities and towns mandatory has increased the detail work of the system approximately thirty-three and one-third per cent. In view of the fact that the Retirement System should rightfully bear its fair share of the expense of the keeping of its own records and also in view of the fact that some person other than the Town Accountant should be familiar with the mechanics of the entire Retirement System, it has been agreed by the members of the Retirement Board and the Town Accountant to pay the junior clerk in the Accounting Department one half of her annual salary from each of their respective appropriations.

5. POST-WAR RESERVES

Many states have enacted laws which authorize municipalities to set up reserve funds for postwar capital improvements, repair of public improvements or equipment replacements. Chapter 4 of the Acts of 1942 and Chapter 5 of the Acts of 1943 authorize Massachusetts cities and towns to appro-

priate money for this purpose and such appropriation may only be used for the purposes for which a city or town may borrow for a period of not less than ten years in accordance with Sec. 7 and 8, Chapter 44 of the General Laws. These funds may be used in some cases in accordance with Sec. 1, Chapter 49 of the Acts of 1933.

There is a growing tendency on the part of many town officials and citizens to set up a post-war reserve fund. This problem should be carefully considered by your Board, the Planning Board, the Finance Committee and the financial officers of the town. A definite program of constructive post-war planning should be presented to the 1944 annual town-meeting.

Balance sheets and detailed financial reports have been furnished to various financial institutions, local individuals and organizations. During the past year vital information was furnished the Federal and State governments pertaining to the National Defense program.

In conclusion, I wish to thank the Honorable Board of Selectmen, the State Auditors, department heads and individuals for their co-operation during the year.

Respectfully submitted,

RALPH QUIRK,
Town Accountant

In accordance with the provisions of Section 50 of Chapter 41 of the General Laws, I have verified the cash on hand, December 31, 1943, by actual count and the cash in the banks was certified by reconciliation of the outstanding checks with the books and bank statement. In accordance with the provisions of Section 53 of Chapter 41 of the General Laws, I have verified the various Trust funds and special deposits as of December 31, 1943, which are as follows:

GEORGE M. WILSON LIBRARY FUND:

United States Treasury Bond 3¼% 44/46	\$ 100.00
United States Defense Bonds 2½% Series G. No. 687758	1,000.00
United States Defense Bonds 2½% Series G. No. 687759	1,000.00
Saugus Trust Co. Savings Account	65.87
Lynn Institution for Savings, Savings Account	85.14

Report of an Examination of the Accounts
of the Town of Saugus
Contributory Retirement System

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF BANKING AND INSURANCE
DIVISION OF INSURANCE
100 Nashua St., Boston

October 25, 1943.

Chairman of the Board of Selectmen
Town of Saugus
Saugus, Massachusetts

Dear Sir:

In accordance with the provisions of Section 34 of Chapter 32 of the General Laws, we enclose herewith copies of the reports of examinations of the Town of Saugus Retirement System. These reports were made by representatives of this Department as of December 31, 1937, December 31, 1938, December 31, 1939 and December 31, 1941, respectively.

Please pardon the delay in transmitting these reports.

Very truly yours,

LOIS M. DRAPER
Assistant Chief Examiner.

REPORT OF EXAMINATION OF THE CONTRIBUTORY RETIREMENT SYSTEM SAUGUS, MASSACHUSETTS

Hon. Charles F. J. Harrington
Commissioner of Insurance
Boston, Massachusetts

Sir:

In compliance with instructions, the regular triennial examination of the condition and affairs of the Town of Saugus Contributory Retirement System has been completed. A report, showing the income and disbursements for the year, also the assets and liabilities as of December 31, 1941, is submitted herewith.

HISTORY

The system began to function on July 1, 1937, in accordance with the provisions of Chapter 318 of the Acts of 1936 and is now operating under Chapter 32 of the General Laws.

INCOME

Members' Deductions

Deductions were made by the treasurer of the system in accordance with statute. A test check was made from original payrolls to the warrant book for a sufficient period to determine the accuracy of postings. The warrant book contained the total deductions by departments and by weeks in which the deductions were made. Postings from the warrant book to the cash book were carried to the cash book for the entire year. A test check was also made of various periods since the last examination.

Contributions by the Town

The annual amounts necessary as contributions to the pension accumulation fund to provide for the accrued and normal liabilities of the system were paid in the amounts prescribed by the Department. Contributions were also made for guaranteed interest of the funds over earned interest during the preceding year and for administrative expenses of the system.

Investment Income

Interest received from bonds was checked and it was found that all due interest had been collected. Dividends from a savings bank deposit was also received.

DISBURSEMENTS

Annuity and Pension Payments

Payments to pensioners were checked from pension payrolls to cancelled checks and thence to cash book. All payments were in agreement with the amounts authorized by the Department.

Refunds

Applications for return of accumulated deductions were received from several members leaving the service of the town. Cancelled checks and vouchers were examined and the amounts drawn were in agreement

with the credits shown on members' deduction cards. All payments were allocated to the proper accounts in the cash book.

Administrative Expenses

Expenses of administering the system consisted of the usual necessary items. Vouchers drawn in payment of all expenses were signed by the required members of the board. Cancelled checks were seen and checked to the accounting records. Payments for bonds of the three members of the board and for safe deposit box rental were included among these disbursements.

Decrease in Bonds

Some of the bonds owned were purchased at a premium and it was necessary to make an adjustment so that the book value and amortized value would coincide.

LEDGER ASSETS

Bonds

Bonds are carried on the books at their amortized values and all adjustments have been correctly made to date. The bonds are kept in a safe deposit vault in Boston and entry to the box is in the sole control of the treasurer. The book value as of date of entry was proved and the balance as of December 31, 1941, was verified by checking all transactions during the intervening period.

Cash

The cash balance on date of entry was reconciled with the statement received from the depository and the usual bank certificate. The balance as of date of examination was verified by checking all cash transactions between the two dates.

Savings Deposits

There was a deposit in a savings bank as of December 31, 1941, as shown by the pass book but this account was closed in July, 1942, and the proceeds were used to purchase defense bonds.

NON-LEDGER ASSETS

Interest Deficiency

The total interest earned during the year was not sufficient to credit the funds with statutory interest and it was necessary to request the amount of the deficiency from the town. Accrued interest on bonds as of December 31, 1941, should have been added to the interest received during the year to arrive at the correct interest deficiency. This amount was not taken into consideration when the request for the deficiency was made to the town. It is recommended that any interest due or accrued at the end of the year be taken into consideration when requesting subsequent deficiencies.

LIABILITIES

Annuity Savings Fund

The balance in this fund has accumulated from deductions made from members' salaries by the treasurer of the system. A trial balance was taken off from members' cards, the total of which differed from the ledger balance. This necessitated a detailed check on income from deductions since the last examination in addition to all interest credited. Errors were detected and a journal entry in the amount of 20c was given to the accountant and as a result the total of the cards and the balance as shown by the ledger were brought into agreement as of the examination date. All refunds and retirements have been correctly charged to this fund and statutory interest has been credited to date.

Annuity Reserve Fund

This fund is credited with the amount of accumulated deductions and interest to date of retirement. Annuities paid are charged to the fund at the close of the year. Transfers from the annuity savings fund have been correctly made and statutory interest has been credited.

Pension Accumulation Fund

The pension accumulation fund balance has been verified from an accounting and examination standpoint. This fund as of the examination date consists of contributions made by the governmental unit on the basis of accrued and normal contributions determined by the Actuarial Division of this Department. The fund is used as an amortization basis for discharge of the liability created by crediting prior service. The present amounts contained in this fund represent the accrued portion of the liability on which the unit has already paid contributions. Under the law, accumulations to this fund are provided for until the reserve is the equivalent of the present value of such service actuarially computed. This value will not be arrived at for some years to come.

The contributions made have been estimated on the basis of general experience with retirement funds until a complete actuarial valuation of the fund has been made as provided for in Section 31F, Chapter 32.

The reserves contained in this fund have not yet been established on a complete actuarial valuation. The law prescribes a period of three years in which accumulation and verification of the necessary data is made. When the necessary valuation functions have been determined, a complete valuation of this and the other funds will be available.

Expense Fund

The annual contributions by the town have been in excess of the amounts expended for administrative expenses leaving the balance shown.

RECORDS

The record book containing the minutes of the meetings of the retirement board were read and, with but a few exceptions, it was found to contain the necessary votes and authorizations. In a few instances, such as approving purchases of securities, the record book contained only the amount authorized and did not designate the bond to be purchased.

GENERAL

The accounting and statistical records of the system are kept in first class condition. Recommendations made during the last examination have been carried out in every detail. Suggestions were made during this audit that were readily accepted and full cooperation was obtained from all persons concerned with the administration of the system.

The personnel of the board includes the following members:

Chairman, RALPH QUIRK
Secretary, WILLIAM H. ROBINSON
DELMONT E. GODING

Respectfully submitted,

THOMAS W. McCORMACK
Examiner

Boston, Massachusetts
January 28, 1943

DETAILED FINANCIAL STATEMENT AS OF DECEMBER 31, 1941
IS ON FILE IN THE OFFICE OF THE RETIREMENT BOARD AND
TOWN ACCOUNTANT, TOWN HALL, SAUGUS, MASS.

Report of The Contributory Retirement Board

Respectfully submitted,

ALFRED H. WOODWARD,
Sealer of Weights and Measures

Report of the Superintendent of Public Works

To the Honorable Board of
Selectmen
Town Hall
Saugus, Massachusetts
Gentlemen.

The Public Works Department, with the appropriation to its several divisions, operated through 1943 and returned small balances to the Surplus Account. Due to the increase in unforeseen work we have been unable to replenish our stock as has been done in past years.

Ash Division

It has been necessary in 1943 to greatly increase the number of collections through addition of new developments and sections of the town where no collections had been made in the past. The work of this division has now increased so much that it is necessary each week to put on an additional truck and four men or to work the regular crew on Saturdays and pay them overtime. The truck is nine years old and is now in such condition that it is constantly breaking down and is expensive to repair and maintain. The capacity is 6.3 cu. yds. and we must make eight to ten trips daily to the dumps. I recommend the purchase of a new 2½ ton chassis and a 10 cu. yd. dump body with side loading. With this we will cover more mileage and six trips to the dump would equal ten of the present truck thereby saving on gasoline and especially rubber. Due to travel over dumps we use many tires each year on this work.

Highway Division

The work of this division and all divisions of the Public Works Department is increasing each year. Though handicapped by lack of labor we have maintained the roads. Inasmuch as most of our roads are of secondary construction

having no drainage installation we must use many tons of patching. The sides of the roads must also be built up with gravel. The purchase of the grader in 1943 has helped considerably on this work and on resurfacing. The gutters or shoulders of streets have been cleaned and straight edged, mud has been removed and replaced with gravel. This grader will be put to work on many streets in 1944. There has been so much repair work in the water division that I have had to take men from the Highway division to assist them. At times there is but two to three men to do the Highway work.

In the past this division has had men from the Welfare and has hired extra men so that a crew could be working about three months on cleaning of basins. Those men are not available for such work now and we could only clean such basins as we considered to be in the worst condition or on main streets that must be drained quickly. Highway men have also had to assist on Sewer Construction, Chapter 90 Maintenance, Ash Collection, etc.

We have made about one hundred street signs which have been placed on unaccepted streets and a few on accepted streets. In 1944 many more will be placed. We hope to have all unaccepted street signs placed which gives the street name and "Private Way, Dangerous Passing" on each. This is in accordance with the law.

In September 1943 I made an inspection of streets in the town and reported their condition to the Board of Selectment. All of them need repair or maintenance work as many of them have no drainage system installed. The necessary maintenance work would run into many thousands of dollars. Some of them are in such condition that

only a reconstruction job will correct.

We have twelve square miles to cover with about one-hundred and fifty miles of roads. We have but eight men for this work. When men have to be assigned to other work we have less. Highway Departments of many other towns of comparable size and population have a roster of eighteen to forty employees. The addition of the grader and International Truck purchased this year has been of great value to this department.

Snow and Ice Removal

Although we had some of the worst storms, especially ice condition, in forty years according to the Weather Bureau report our cost for 1943 was only \$6,599.74 which includes labor, repair, maintenance and necessary supplies. The method of starting with the storm as used in Saugus and continuing through enables us to keep the streets cleared. Citizens from other Cities and Towns have phoned to compliment the department on the way snow is removed and ice conditions sanded.

Resurfacing

The entire amount appropriated for this work is for materials only. Labor is by the Highway crew or hiring of extra men and paid from the Highway budget. In 1943 on all roads resurfaced we have built up the sides with gravel and then resurfaced from curb to curb or grass plot. By this method we have increased the width of the traveled surface from eight to fifteen feet. Before resurfacing this way on such streets as Jackson and Ballard at places it was not possible for two cars to pass on the surfaced section.

In 1943 we resurfaced over 81,000 square yards of streets. This does not include yardage for all intersections of streets adjoining work or spot resurface of bad sections such as Lincoln Avenue, Central Street, Winter Street and others. The new grader has en-

abled us to do quicker work with less men.

Water Division

This division work has also increased in service and maintenance. In 1943 we billed 564 accounts for repairs, maintenance and services that brought in an income of \$4,218.63. It has been necessary to use highway employees to help on all water division work in order to keep up with applications and orders by takers. Our crew on services must be kept at this work constantly.

We have had a number of water main breaks during the year and a great amount of water has been lost. The first of the year there was a bad leak in the Golden Hills section. With the assistance of the M.D.C. water men, employees of the City of Melrose and of the Hersey Meter Company we tried to locate the leak. We were several weeks on this and finally found it in Claremont Road. The pipe had broken and water was pouring out under the ice into the pond about twenty-five feet from the break. We were about twenty hours repairing this. There are many leaks in the system and we should have enough men in this division so that a crew can be used to locate and repair them. The locating must be done at night while takers are not drawing water. I also find that at break locations the valves and gates do not work and it is impossible to shut off the water for repair. This crew can be digging up, clean, repack and reinstall so that if breaks occur in mains the water flow can be shut off properly.

We have cleaned, repaired, and tested 450 meters that have been accumulating and reinstalled about 300 of them in 1943. Many of the meters in homes are not working. I recommend a new meter room with a meter testing machine that will test three to four meters at a time. In order to bring the meter system up to date we should have two men constantly on this work.

There is a tremendous amount of water used for fire control and flushing of hydrants to clear the water. There should be an appropriation set up for rental per hydrant to be paid to water income. Until this is done this division will not show a proper profit.

Sewer Division

In 1943 we completed the sewer construction on Main Street to Summer Street and constructed the lateral on Grove Street. Two direct connections were made upon request of the Board of Health, one of which was previously on the East Saugus private sewer lines and one that was not constructed when the line was laid in Cliftondale.

There are 255 service connections now in operation that brought in an income of \$2,047.54 to the town.

There are many leaks in the system that must be repaired, therefore a crew should be set up in the Sewer Division for such maintenance and repair work. We are pumping more sewage for the 255 connections than the water supply to the entire town daily. When these leaks are repaired the pumping cost will decrease in proportion. There should be a man appointed to maintain and run the sewer station. This can be the foreman of any crew set up for sewer work.

Chapter 90 Maintenance

Under the supervision of the district engineer we have maintained and resurfaced some of the Chapter 90 roads, repaired fences, rebuilt culverts and corrected flood condition in some locations. This work has been done in 1943 on 7,050 linear feet of road and 20,320 sq. yds., resurfaced with our appropriation and the amount appropriated by the State.

General

I recommend that the town appropriate a sum of money to be set up as a Machinery Fund from which the Selectmen through bids can purchase trucks and equipment. Up to this year the age of our present trucks run from 1924 to 1939. Most of them should be replaced with new.

I cannot speak too highly in praise of the personnel of the Public Works Department. In the past much of the work has been done by extra help. In this war period the men have worked many hours overtime especially in emergency. They have all understood the condition and have worked hard on all jobs of the entire department.

The report of the Town Engineer of the Department of Public Works will be found on another page.

Very truly yours,

CARL E. CHAPMAN

Acting Superintendent
Public Works Department

JOHN DYER,
 Town Engineer

Report of Cemetery Commissioners

William Elwood Ludden, our As-
 sociate, who had been a valued
 member of the Board for over thirty
 years, passed away early in
 February. He will be sorely missed
 by his associates and it will be a
 long time before his place can be
 filled. The Commissioners met with
 the Board of Selectmen, as required
 by law, and Mr. Paul J. Hayes was
 unanimously elected to fill his un-
 expired term.

The Board has had much to con-
 tend with during the past year, the
 first thing being the laying out of
 a World War II Veterans' Lot. The
 only large space available is the
 Meadow, so called, which can be
 laid out to accommodate some three
 hundred graves, but at considerable
 expense to the Town. However, in
 these times a reasonable expense
 should not be questioned, when it
 is known that many of our over
 1,500 sons of Saugus will require
 a resting place before Peace comes
 again. An article has been in-
 serted in the Warrant asking for
 a proper appropriation.

Again, and quite important, is
 the lack of toilet facilities at River-

side. The Board of Health is cog-
 nizant of the conditions and insists
 that proper facilities be installed
 as soon as possible. It is the opin-
 ion of the Commission that the
 house on the property recently
 purchased is the most economical
 solution of this problem, as at
 small expense toilets could be in-
 stalled, and it would make a much
 better office than the old building
 now occupied, which has no cellar.

The old question of investment
 of Perpetual Care Funds is always
 before the Board and while we have
 no control of the investment of
 these funds it does seem that with
 United States Bonds yielding $2\frac{1}{2}\%$,
 funds should not remain invested
 at $1\frac{1}{4}\%$. The increased income
 would help pay, very materially,
 for the care of the Cemetery.

The receipts of the Cemetery
 were again satisfactory and the
 care of the same costs the Town
 no appreciable amount.

Respectfully submitted,

HENRY A. B. PECKHAM,
 Chairman
 BENJAMIN A. FULLERTON
 PAUL J. HAYES

Report of the Board of Selectmen

The ever-increasing demand for public services due to normal and war-time necessities has all but taxed our reduced manpower and resources.

The many departments under our jurisdiction can be hardly expected to meet the emergencies and maintenance supervision ordinarily possible.

The citizens in a great measure have been conscious of this and have not demanded service to which they have been ordinarily accustomed. We want to thank the personnel for their willingness to operate long hours night and day in carrying out the various duties assigned them without complaint.

The Board has given long and serious consideration to our Water problem. The fact finding Water Survey Committee headed by Albert C. Day, are working earnestly to seek a solution. The towns people will have a comprehensive and clear picture of our water situation when the final recommendations are made.

Post War Development and similar problems are now before your board. The Public Works Department has set up Engineering data covering vital and essential details of drainage, sewers and highway development when the war is over. This program will be ready when manpower and relief for post-war unemployment is before us.

The town has accepted many more streets which need some construction to make them suitable for safe travel. Support should be given to permit grading and light surface treatment. Attention should be given to the necessity for added personnel to vital maintenance service for our Sewer Department if the large investment made here is to be protected. We want to commend and thank the Victory Fair Committee and all those responsible for its success. It has had far reaching results in food production as a vital war effort and its contribution to a self sustaining community. The honor roll committee for World War II is proposing an article to be presented the Annual Town Meeting. Our over-all financial affairs and State Auditors report reflects a gratifying improvement in Town control and should be encouraging to all our citizens. We feel proud of our small part in its accomplishment.

In conclusion we wish to again pay tribute to our employees who are waging a decisive victory against the enemies of all mankind. In the far flung outpost we send them our best wishes and a fervent prayer for their safe return.

HAROLD P. RICE,
Chairman
GEORGE H. QUARMBY
WILLIAM S. OLIVER

Report of the Board of Fire Engineers

January 1, 1944

To the Honorable Board of Selectmen and the Citizens of the Town of Saugus:

We herewith submit the annual report on the personnel, conditions and activities of the Fire Department for the year ending December 31, 1943.

ROSTER

Chief

George B. Drew

Captain

Joseph L. Maguire

Lieutenants

Ralph E. Berrett

*Robert Griffin

Edwin Holmes

Arthur Price

Paul Corson

Hubert Connolly

Board of Fire Engineers

Harold Rice, Chairman

George Quarmby

William Oliver

* Denotes in the Armed Forces of the U. S.

During the year 1943 the Fire Department responded to 609 Alarms and calls for fires and other duties. There were 111 box alarms; 498 telephone calls, of which 41 were followed by box alarms. 55 of these calls were needless or false.

The apparatus traveled a total of 4210 miles in responding to calls. Engine No. 1 went 179 miles, Engine No. 2, 544 miles, Engine No. 3, 1513 miles, Engine No. 4, 1523 miles, Ladder No. 1 went 451 miles. The Chief's Car traveled 8,210 miles in responding to alarms and in the performance of other duties.

The assessed valuation of buildings, autos, trucks, the insurance on buildings, automobiles and their contents, etc., were, as nearly as possible ascertained as follows:

Assessed valuation of buildings, autos, trucks, etc.	\$143,950.00
Insurance on buildings, etc.	351,750.00
Loss on buildings, motor vehicles, etc.	19,857.00
Insurance paid for losses on buildings, etc.	18,934.00
Estimated value of contents	90,418.00
Insurance on contents	37,280.00
Loss on contents	25,601.00
Insurance paid for loss on contents	3,479.00

During the year 19,150 feet of 2½ inch hose, 15,050 feet of 1½ inch hose, and 112,900 feet of ¾ inch hose was used to extinguish fires, a total of 147,100 feet of

hose. Of the above hose used 91,200 was used at brush, dump and wood fires. There were 884 feet of ladders used and 23 tanks of oxygen with the oxygen tent and

other medical and first aid appliances.

The fire apparatus Engine No. 2 and Engine No. 4 are in fair condition, the ladder truck is in good condition except for needing to be repainted. The spare engine, the Seagraves is being overhauled.

During the year the new Mack 1000 gallon pump was delivered, this being known at Engine No. 3, also a new car was purchased for the Chief.

The Fire Department has done excellent work in keeping the fire loss down to such a small amount approximately \$45,000.00 when it is noted that the department must cover a large territory, nearly 11½ square miles and do so with a small number of men to man the apparatus and extinguish fires.

We recommend that the program calling for the installation of hy-

drants every year be continued as there are several parts of the town where hydrants are too few and far between.

In conclusion we wish to thank the Honorable Board of Selectmen, Superintendent of Public Works Department, Carl Chapman, Chief John T. Stuart of the Police Department, all the Town Officials and the Citizens of Saugus, who, by their co-operation have aided this department to maintain a high degree of efficiency.

Signed by the Chief

GEORGE B. DREW

Report of the Forest Fire Warden

January 1, 1944

To the Honorable Board of Selectmen and the Citizens of the Town of Saugus:

I herewith submit the annual report of the Forest Fire Warden for the year ending December 31, 1943.

During the year 1943 there were

191 brush and woods fires, and 113 grass fires.

During the year 91,200 feet of hose was stretched and used to extinguish these fires.

Respectfully submitted,

GEORGE B. DREW,
Forest Fire Warden

Report of the Police Department

January 1, 1944

To the Honorable Board of Selectmen:—

It again becomes my pleasure to present to you my Thirteenth annual report of the Police Department during the year 1943.

The Department consists of a Chief, one Captain, one Lieuten-

ant, and eleven Patrolmen, and five Reserve Officers. There are forty-five Special Police Officers, and Forty Auxiliary Police Officers. Of this amount nineteen of them are equipped with uniforms, and are capable of doing regular Police work in case of an emergency. There are also the watchmen at the Lynn Water Shed, who are Special Police Officers. There are

eight in this group.

The Roster of the Police Department is as follows:—

Chief

John T. Stuart

Captain

Henry P. Wheaton

Lientenant

Roland E. Mansfield

Regular Patrolmen

James P. Sullivan
Clarence H. Berrett
William MacDougall
Joseph A. Lambert, Jr.
James F. Maher

Daily reports of Officers show the following:— Complaints and reports received 1736. Assaults 10, Women and Girls accosted 6, Larcenies 105, Breaks 52, Articles lost 55, Articles found 57, Windows broken 51, Property damaged 50, Autos stolen 12, Stolen automobiles recovered 16, Reports of drunken persons, Disturbances 50, Domestic trouble 39, Prowlers and Peepers 38, Missles thrown 20, Dogs lost 57, Dogs found 76, Dogs Barking 58, Bitten by Dogs 42, Birds and Animals killed by Dogs 27, Animals killed 53, Persons re-

ported as missing 49, Missing persons found 50, Holes in Sidewalks and Streets 16, Playing in Streets 16, Notified or investigated for other Authorities 149, Doors and Windows found open 180, Lights found burning 33, Conveyed to Hospitals 217, Conveyed from Hospitals 65, Fires discovered or responded to 35, Investigations made 521, All Others 841. Total 3,078.

During the year 1943 there were 222 arrested. Of this amount 205 were males, 17 females and 15 juveniles.

Dispositions of the year's arrests are as follows:—Fined 105, Filed 89, Releases 54, Dismissed 18, Costs 4, House of Corection 7, State Farm 1, Shirley Industrial School 2, Probation 35, Cases appealed 10, Grand Jury, 13, Nol-Prossed 2, Turned over to Military Authorities 2, Arrests for Out of Town Police 119.

In conclusion I wish to thank the Honorable Board of Selectmen, the several Town Officials, and all other good citizens of the Town who by their cooperation, and good will, aid me in maintaining the high degree of efficiency that our Police Department ranks. I also want to thank the Justices of both the Saugus Trial Justice Court, and the Lynn District Court for their cooperation during the past year. Last, but not least I want to thank all the members of the Police Department for the wonderful work that they have done in the past year in keeping the efficiency of the Department at a high standing.

Respectfully submitted,

JOHN T. STUART,
Chief of Police

Report of the Superintendent of Buildings

December 31, 1943

The Honorable Board of Selectmen,
Town Hall
Saugus, Massachusetts
Gentlemen:

I herewith submit my report as Superintendent of Buildings for the year ending December 31, 1943.

The following report is a list of the Type, Number and Value of permits issued during the year.

Type	No.	Value
Dwellings	42	\$176,400.00
Garages	34	11,405.00
Alterations and Repairs	158	46,677.00
Hen houses and other out buildings	58	5,942.00
Boiler Rooms	2	600.00

Green Houses	1	500.00
Barn	1	1,500.00
Chimneys	3	560.00
Foundation	7	1,440.00
Excavations	33	0.00
Demolish	11	0.00
Signs Over Side Walk	9	0.00
Side Walk Gas Pumps	1	0.00
	360	\$245,024.00

I have turned over to the Town Treasurer the total sum of \$754.00 received for permits issued during the year.

I wish to thank all departments for their cooperation in this work.

Respectfully submitted,

MELBOURNE MacLEOD,
Superintendent of Buildings

Report of The Soldiers' Relief Department

January 10, 1944

To the Honorable Board of Selectmen,
Town Hall,
Saugus, Massachusetts,
Gentlemen;—

It is my duty and privilege to submit my third Annual report for the Soldiers' Relief department and in conformity with the trend of the times will try and make it as brief as possible.

Contrary to anticipated needs, the appropriation granted last year was not used, making it possible to return a sizeable amount unexpended.

Discounting the fact that there was a large surplus unexpended, due consideration should be given to the great number of members in the armed forces having left from Saugus. Some of these have

already been discharged, and more will be coming back this coming year. Until such time as adjustments can be made to rehabilitate them, the only recourse will be application for help from this department. I am, therefore, asking for a much larger amount than was granted in 1943.

The demands made upon this department alone cover mostly widows, orphaned children, and disabled veterans. The War industries having absorbed all those who are physically able to perform work of any kind. There were, of course, emergency grants to veterans who were sick and in need temporarily. The case load of the department numbered about 58 cases with help to 112 persons. The average weekly cases were 18, with an addition of 19 monthly cases who had small incomes, but help is supplemented by State and Military Aid.

The War Allowance for the families of those now in servie has been very heavy in comparison to a check with other towns of similar size. Relief is granted in War Allowance on a temporary basis until Federal allowances were granted. Most of this money is returned by the State annually. There is considerable detail and bookkeeping to each case and all investigations are followed up by the State Department.

The duties of the office cover investigations with visits to hospitals, institutions, and in some cases trips to outlying towns and cities for necessary data required by

the Commissioner, the results of some of the information received has been helpful in many instances for future use. The office has been open daily for consultation and advice, the work is interesting and I have tried to be impartial in a fair and honest treatment to the deserving.

In closing, I wish to thank your honorable body for the many considerations extended, and to the other departments in the Town Hall for their cooperation and help.

Respectfully submitted,

N. V. BARTLETT,
Agent

Report of the Planning Board

To the Citizens of the Town of Saugus

The Planning Board is pleased to submit its annual report for the year ending December 31, 1943. Membership and organization for the year has been as follows; Chairman William H. Robinson, Clerk Jack Meeker, H. Warren Butler, Frank A. Green and Walter L. Roy.

The board has held its regular meetings every Monday and has held the necessary hearings on all articles found in the annual and special town meeting warrants.

The two new housing developments on upper Central St. are nearing completion and are the first two developments in town that have not cost the taxpayers money. All costs for streets, water, cement sidewalks was borne by the developers. We are one of the few communities in this section of the state that compel any new developer to post a performance bond to do this work.

The Planning Board has spent considerable time in the past year discussing the condition of streets, water and sewerage and we recom-

mend that some definite program should be started to remedy this condition: Setting up an account whereby taking one street a year and install new water mains and sewerage if necessary and then grade and install a permanent surface. Our present practice of patching streets year in and year out is expensive.

This board also suggests that the Town Meeting appoint a committee to investigate and invite industry into the town. Saugus has some very good sites for small manufacturing and if a few could be persuaded to come to Saugus it would relieve some of the tax burden on our home owners and help build up our town.

In closing we wish to take this opportunity to express our sincere appreciation to the Town and the other Town departments and committees who have assisted us during the last year.

Respectfully submitted,

WILLIAM H. ROBINSON,
Chairman
JACK A. MEEKER, Secretary
H. WARREN BUTLER
FRANK A. GREEN
WALTER L. ROY.

Report of the W. P. A. Sponsor's Agent

December 31, 1943

Honorable Board of Selectmen
Town Hall
Saugus, Massachusetts

Gentlemen:

The W. P. A. which started in Saugus in 1936 came to a close on March 2nd of this year with a total town expenditure of \$1,854.60.

Due to the curtailment of workers and the fact that private enterprise was prosperous the only projects which operated in 1943 were Sewers, Civilian Defense, Commissary and Federal Music with an average personnel of 33 workers.

Our W. P. A. workers received \$4,779.14 in the form of payroll checks from the Federal Government exclusive of Commissary and Federal Music which were State-Wide projects.

During 1943 the Sewer project completed the installation of the sewer for the Roby School; the Civilian Defense project made up maps and records for use in connection with the local civilian defense organization; and the Commissary store gave out various items of food and clothing to the needy families of Saugus.

Very truly yours,

CARL E. CHAPMAN,
Acting Sponsor's Agent

Report of the Trustees and Staff of the Saugus Public Library

The year 1943 has been marked by a complete change of personnel in the library. On July first, the resignation of the librarian, Miss Vivian Copp, took effect, and Mrs. Alice Hamilton Boyd was appointed by the trustees to take her place. At the same time, the assistant librarian, Mrs. Jean Shackelford, announced her resignation to be effective on August first. The trustees thought it advisable to have two full-time assistants to replace Mrs. Shackelford and a number of part-time workers who had been previously employed in the Main Library and its branches. Accordingly, Mrs. Marjorie P. Walkey was appointed as full-time assistant, beginning September first, and Mrs. Alice P. Merriam, a Simmons College Library School graduate, joined the library staff on August ninth. Mrs. Merriam was assigned to work half the week at the Cliftondale Branch, and the remainder of the week to do cataloging and general work

at the Main Library. This arrangement was fairly satisfactory, and Mrs. Merriam immediately started a project for cataloging the permanent collection of books at Cliftondale. This had never been done in that branch, and in the opinion of the librarian, was sorely needed. The project is, however, still to be completed, for Mrs. Merriam, for purely personal reasons, resigned rather suddenly on December ninth. The library is, therefore, at the present time, carrying on with two permanent and several part-time workers. We are hoping to recruit our staff soon after the New Year.

The circulation of books this year in the Main Library shows only a very slight loss over last year, which is remarkable, as nearly all libraries are noticing the slump which always accompanies excessive business activity. We feel that our continuing fairly good circulation is due to two

factors: one, that we have been able to supply most of the desirable new books, even though not in sufficient quantities; and two, that the population of the town is greatly increased by the influx of war-workers in the nearby defense plants. The registration figures of the past few months bear out this contention, and many of the new people are registered from the various Defense Homes subdivisions here.

A summer reading contest was held for the children, as usual. It was rather more successful in the Cliftondale and East Saugus branches than it was at the Main Library, as many of the children at Saugus Center were away during the summer. The idea was, generally speaking, to promote knowledge of manners and customs of foreign lands. The children were required to give brief reviews of the books read, and their names were posted with a brightly colored foreign flag for each five books read. Prizes of blue and red ribbon rosettes were given to those who had read the greatest number of books.

The North Saugus Branch Library has been improved greatly this year by the addition of new book-shelves. These not only improve the appearance of the place, but give greatly enlarged book space. We have accordingly, been able to send a much larger deposit of books to this Branch, and the circulation there repaid us by showing a noticeable increase almost immediately. Mrs. Moses, the branch librarian, is greatly interested in the work, and is supplying the needs of her borrowers, with nearly all of whom she is well-acquainted. We hope to continue to co-operate with her in building up this Branch.

On September seventeenth, the librarian called a general staff meeting, for the purpose of acquainting the branch librarians with the new assistants at the Main Library, and to iron out several small wrinkles in the various parts of the library system. At that

time, about twenty-five new books from the fall list were presented for staff inspection, and brief reviews given. A meeting of this type seemed to be rather an innovation to many of the staff members, but was favorably received. We hope to repeat this from time to time.

For Children's Book Week this year, the Boys' and Girls' Room was decorated with new paper draperies and colorful posters. Mrs. Walkey, assisted by Barbara Henderson, gave a Story Hour on Wednesday afternoon at which forty-six children were present. Book marks were given out, and a number of new juvenile books were exhibited on which the children were allowed to place reserves.

The librarian has attended meetings of the Boston Book Review Club, and with other members the staff, has also been present at the Book Fair, the Round Table of Children's Librarians, where Miss Alice Jordan reviewed the season's new books for children, and the North Shore Library Club, at which the librarian from Brookline spoke on "The Library as a Civic Force." From all of these meetings and conference, we feel that we have gained in knowledge and inspiration.

The librarian wishes at this time to thank the trustees and all of the workers on the library staff for their cooperation and kindness during the last six months.

Respectfully submitted,

ALICE HAMILTON BOND,
Librarian

Report of the Board of Health

To the Citizens of the Town of Saugus:

The Board of Health herewith submits its annual report for the year ending December 31, 1943.

The health of the public in general, from the standpoint of contagious disease has been most excellent, which fact of itself lends proof to the feeling that, as has been stated before, the appropria-

tion of our department is well expended in giving our citizens that most valuable possession, life and good health.

By constant effort, quarantine and search for contagious disease on the part of the members and agents of the department, we find that at present we have but six patients in hospitals for the treatment of tuberculosis—a record which in times of stress as at

present, speaks for itself. Also of interest because of the new regulation of the State Department of Health increasing cost in our tuberculosis hospitals to rate of \$10.50 per week as compared to the present rate of \$9.10 per week. May this fact alone be of interest to those who figure health in terms of dollars and cents.

The Clinic for the prevention of Diphtheria has functioned as one of our most essential and vital efforts toward the ultimate elimination of this dread disease. The past year but one case has been reported—that in an untreated person and most probably by contact with an outside carrier.

After much thought and several joint sessions of the Board and its agents, a new system of Rules and Regulations were adopted, duly advertised and are now in process of printing. All of which with the adoption of new State Health Rules and Regulations, leads us to a new plan consistent with uniform control and regulation of contagious disease, food, food handlers, keeping of livestock and all such which may in any way affect the health of the citizens of the Commonwealth.

The problem of proper disposal of sewerage in the town is still in

some areas not as yet relieved from that chaotic condition which has existed for so many years while others areas covered by our new sewer system has found it to be a blessing in disguise. The Board of Health sincerely hope that further extension of such system will be possible and with all due haste be extended to those areas most desperately in need of relief.

The Board of Health appreciates the honest endeavor of its agents, their dependability and interest in carrying on the work of the department, which has increased and redoubled itself many times in the past few years, due in part to the Boards desire to function as a department worthy of its purpose in all phases of preventative medicine and to completely carry on its part in the everlasting battle between life and death, and the preservation of mans most precious possession — good health and the freedom from disease.

Respectfully submitted,

DR. JAMES A. CLARK,
Chairman

	<u>13.53</u>
Returned to Surplus	276.00
Income from Sales	
Net Cost to Town	\$ 4,712.77

The expenditures in the Temporary Aid Department were considerably less in 1943 than in previous years and less than (50%) fifty per cent of the total cost to the town in 1942.

Old Age Assistance has increased to some extent owing to the higher cost of living, also the reduction in percentage of childrens contributions to their parents as specified by Law is a contributory factor. Although it is of interest to note that the actual cost to the town is small in comparison to the amount of money handled by the Department.

At the Infirmary, fourteen acres were plowed up for Victory Gardens in compliance with Governor Saltonstall's Proclamation. One hundred and three plots of land, approximately (2500) twenty-five hundred square feet, were allotted to citizens of the town. The result was very satisfactory and it is the hope of your Welfare Board that persons will avail themselves again of the opportunity this year.

We wish to express our appreciation for the cooperation received by this Department from other organizations and individuals in our effort to help the needy in our community.

Respectfully submitted,

ARTHUR C. DUNK, Chairman
GUSTAVE A. ANDERSON, Secretary
ERNEST M. HATCH

Report of the Superintendent of Schools

To the Honorable School Committee and Citizens of Saugus:

It is both the duty and the privilege of the Superintendent of Schools to submit his eleventh annual report for the School Department, the same being the fifty-first annual report.

The 1943 Budget

At the annual March town meeting of 1943 the School Department was voted a general budget of \$256,400.00 and a repair budget of \$12,000.00. An additional appropriation of \$1,000.00 was granted for the maintenance of the Stackpoles' Field Stadium.

Included in the general budget appropriation of \$256,00.00 was sufficient money to allow a temporary "increased cost of living" salary increase to all employees of the School Department. The increases amounted to ten per cent with a \$200.00 maximum for each employee.

Included in the repair budget of \$12,000.00 was a sum of \$2,000.00 with which to convert the oil heating plant of the Central Junior High School building to the burning of coal. This conversion was ordered by Federal Authorities who at that time claimed a shortage of bunker oil (No. 5). The action of the Federal authorities seemed none too justified at the time but our arguments proved unavailing. Their shortsightedness has since

been proven as there is now plenty of bunker oil (No. 5) available and coal is at a premium.

Included in the Stackpole's Field Stadium appropriation of \$1,000.00 was an item of \$400.00 with which to make a start on the painting of the huge permanent grandstand.

During the year 1943 the School Department operated within each of its respective budgets (appropriations).

The following amounts from each respective account were returned unexpended to the town treasury:

General Budget	\$205.43
Repair Budget	158.94
Stadium Budget	11.41

Total	\$375.78
-------	----------

The Net Educational Cost

The total amount of money appropriated for the School Department in 1943, including the general budget, repair budget, and the stadium budget amounted to \$269,400.00.

This sum of money, however, does not represent the amount of money expended by the taxpayers of Saugus for education and the maintenance of the Stadium.

The following refunds, as far as can be ascertained at the writing of this report, have been returned to the town treasury during the year 1943:

State reimbursement on account of the employment of

teachers: Chapter 70, Part I, General Laws:	\$24,657.50
Tuition from City of Boston (For Boston wards):	396.74
Tuition from Commonwealth of Mass. (For State wards):	1,458.09
Tuition and Miscellaneous Income:	170.10
Unexpended amounts in various appropriations:	375.78

Total	\$27,058.21
-------------	-------------

This total sum of \$27,058.21 in various forms of refunds lessens the cost of education and the maintenance of the Stadium to the taxpayers of Saugus by the above a-

mount. We, therefore, subtract this sum of \$27,058.21 from the total amount appropriated (\$269,400.00) in order to determine the actual cost of education plus the

maintenance of the Stadium to the taxpayers of the town. The cost is \$242,341.79.

Gymnasium—A Basic Need

No efficient and truly worthwhile program of physical education for High School boys and girls is possible until such time as a modern gymnasium is provided by the town. As school authorities we have attempted to carry out some sort of a physical education program without a gymnasium. It is not efficient and falls far short of desired standards.

Every wide-awake American realizes the value and importance of physical education. Its need has again and again been emphasized. Adequate gymnasium facilities must be provided if any sensible and well planned program is to be carried out. Strong healthy bodies are as important as strong healthy minds. The combination of the two means a better America.

In the post-war era Saugus should undertake to make itself a better and more progressive community. The town is in excellent financial condition, and, apart from our sewer program, is virtually free of bonded indebtedness.

Our first post-war obligation should be to appropriate funds for the construction of a modern gymnasium for our High School boys and girls.

Then, and only then, can we offer a sound and efficient program of physical education.

Teacher Shortage Acute

In my last annual report I pointed out the fact that competent teachers were becoming scarce. The situation is now acute.

We have already lost many of our most competent and best qualified teachers. Some have entered the armed services of their country, some have left the teaching profession to enter private industry, some have left Saugus to accept teaching positions in other communities and others have mar-

ried and abandoned teaching as a career.

The School Committee and I have done everything possible to retain all teachers. By vote of the School Committee teachers (women), who marry members of the armed services, are allowed to continue teaching here for a period up to six months after the close of the war. Saugus was one of the first communities in the State to take this intelligent action. This action has saved us some of our very best teachers. The School Committee has also approved the hiring of well qualified married teachers (women) for the duration of the war plus six months.

In spite of all of the above efforts the inroads into our teaching staff have been heavy. This has been especially true of our corps of teachers in the Senior High School.

We have been forced to close our shops (both woodworking and metal), eliminate our physical education program, and combine our college chemistry and physics classes under one teacher.

Qualified science and mathematics teachers are no longer obtainable and the loss of teachers of these High School subjects would be devastating. Two of our present instructors of these subjects are within draft age. They should definitely be deferred. They are far more valuable to the efficiency of our High School than they would be in the armed services.

Throughout the country the shortage of trained teachers is now assuming serious proportions. If something is not done about it the situation can easily become dangerous. The maintenance of public education in a democracy is essential to the existence of democracy. Without teachers there will be a breakdown. Federal officials should view this situation with alarm—and better still should do something about it.

In Service of Country

Six of the men teachers on the

staff of our school system are now in the service of our country in World War II.

Mr. Edward Galligan, coach of football and teacher of Civics, is a Lieutenant (Senior Grade) in the United States Navy. He is stationed at Jacksonville, Florida.

Mr. John Burns, teacher of English, is an Ensign in the United States Navy. He is on the high seas.

Mr. Francis Hochmuth, teacher of woodworking, is a Sergeant in the Army Air Corps. He is on a bomber crew operating out of England.

Mr. Edward Gibbs 3rd, Head of the High School Guidance Department, is a Sergeant in the United States Army. He is serving with the American forces in North Africa.

Mr. Stephen Lovett, teacher in the Central Junior High School, is an Ensign in the United States Navy. He is at present at a Navy School in Connecticut.

Mr. Donald Hammond, Director of the High School Band, entered the service on January 11, 1944 and his military assignment is not known at the time of the writing of this report.

In addition to the six male teachers above mentioned two other persons connected with the School Department are now serving Uncle Sam in World War II.

Miss Miriam Cameron, former secretary to the Principal of the Central Senior and Junior High School, is a 2nd Lieutenant in the Women's Army Corps. Miss Cameron is now instructing new enlistees at Fort Oglethorpe, Georgia.

Dr. Joseph O. Ward, School Physician, is a Lieutenant in the Medical Corps of the United States Navy.

All of us in the School Department think of them often and are waiting their return when the war is concluded.

Hundreds of our graduates of Saugus High School, both men and women, are serving their country on land, sea, and in the air. Scores of them are commissioned and non-commissioned officers. Some have already made the supreme sacrifice. Their memory shall always be an inspiration.

It is pleasing to the school authorities to know that in army and navy examinations our High School graduates have more than held their own in the toughest type of mental competition. Many of them competed against college trained men and women and successfully outdistanced them. Saugus High School can indeed hold its head high for its graduates are recording their abilities in no uncertain manner.

Retired Principal Dies

On July 19, 1943 Mrs. Pauline R. Peckham, one of the Town's best known and loved elementary school principals, passed on. Known to hundreds of her former pupils, the lessons that she taught will not soon be erased from memory. Active, intelligent, and loyal she will be missed not only as a teacher but as a citizen. She served the schools long and well and her service was always on a high plane.

From personal observation of her work as a teacher and executive my outstanding memory is of her patriotism and love of country. She respected the Stars and Stripes and taught her pupils to respect it also.

I know many of her former pupils and they are truly inculcated with the lessons of simple patriotism learned from Mrs. Peckham. We, who knew her best, salute her as a truly typical American teacher.

Schoolhouse Repairs

Thanks to the intelligent action of the Finance Committee a reasonable appropriation for schoolhouse repairs was voted to the School Department in 1943. The appropriation was \$12,000.00 of which amount \$2,000.00 was for the conversion of the heating system in the Central Junior High

School from oil to coal. This left the sum of \$10,000.00 for schoolhouse repairs; repairs sadly neglected in recent years for want of sufficient appropriations.

The School Committee wisely decided to repair at least two buildings throughout. The schools selected were the Emerson and the Oaklandvale, the latter approximately 100 years old. The Emerson School was painted two coats on both the exterior and interior. The building was also completely resingled and necessary and new interior water pipes were installed. A new fire escape was added to the building at the suggestion of the State Inspector. All ceilings were repaired and refinished. Carpentry repairs were also made to the building.

The Oaklandvale School received similar treatment throughout. Both of these buildings are now in the best physical condition since approximately 1920.

Many other urgent repairs of long standing were made in other buildings throughout the town. Space does not permit a detailed explanation of each.

The School Committee and the Superintendent of Schools earnestly recommend a schoolhouse repair appropriation of \$10,000.00 in 1944. If the appropriation is granted two more schools will be given a thorough overhauling in 1944.

Ten years, with such an appropriation each year, will give Saugus school buildings of which the town can justly be proud.

The School Committee and the Superintendent extends its thanks to the Finance Committee and the town meeting members for their intelligent cooperation in this matter of schoolhouse repairs.

Athletic and Cafeteria Accounts

A summary of the financial condition of the athletic and cafeteria accounts of the Saugus High School are included a few pages hence. Both accounts are in sound financial condition. Both are under the

jurisdiction of the School Committee and under the immediate supervision of Principal John A. W. Pearce. The accounts are audited every so often and records are efficiently kept by Miss Mabel Willey, treasurer of both funds.

The summaries are presented in order that citizens may acquaint themselves with these two school activities.

Saugus High School Band

Too much credit cannot be given to Mr. Donald Hammond for his organization, direction, and leadership of the Saugus High School Band. This organization has won State wide recognition and is a distinct asset to the Town of Saugus.

With Mr. Hammond leaving for the armed service of his country, the School Committee was faced with the problem of choosing a temporary successor qualified to maintain the quality and precision of the band as it now is. The School Committee selected Mr. Walter F. Germain of Swampscott as the man best qualified to carry on. Mr. Germain knows Mr. Hammond's methods and should prove himself a capable substitute.

The 1943 Saugus High School Band numbered sixty-eight accomplished musicians. Most of them started their musical training in the fourth or fifth grade. Few citizens know that these band members practise once each week throughout the entire summer vacation.

During the football season of 1943 many out-of-town people attended practically all of our games. We wondered why, and learned that they came to see and hear the Saugus High School Band.

Let us maintain this splendid organization during and after the war. It is a credit to the school and to the community. And may Mr. Hammond return to us after his war service is terminated.

To Aid Veterans

Many students (mostly boys) of our Senior High School have had their education interrupted by the necessities of war. These boys, some juniors and some seniors, reached their eighteenth birthday at such a time that they were taken into the armed services before completing their high school education.

The School Committee, the Superintendent of Schools, and the High School Principal felt that these boys should be given every possible help within reason to secure their high school diplomas after the war has ended.

With this in mind the School Committee has voted to give two credits towards a diploma for a veteran's basic service training and two additional credits towards a diploma for the service of a veteran in the armed forces. This applies to service in the Army, Navy, Marines, Coast Guard, and Merchant Marine.

In addition to the above credits a veteran may receive additional credits towards his diploma for correspondence courses taken while in the service, service specialized courses, etc. These courses will be evaluated by a special evaluation board and assigned a certain number of credits towards a diploma. The evaluation board will be composed of the Superintendent of Schools, the High School Principal, and the Head of the Guidance Department. Final approval in all cases will be by the School Committee.

It is also the intention of the school authorities to have the Guidance Department assist in the rehabilitation of all returning veterans who are former students of Saugus High School. In other words the Guidance Department will act as a clearing house thru which many returning veterans may receive advice, aid in securing positions, and help of any nature within its power to give.

It is exceedingly questionable whether or not the Federal Government acted wisely in forcing

boys to enter the service before completing high school. Be this as it may it is most certainly the duty of the school and its officers to do everything possible to aid these youths upon their return.

I assure all citizens that these youths will not be forgotten when they return to civil life.

THE GUIDANCE INSTITUTE

Under the sponsorship of the Saugus Lions Club the annual Vocational Guidance Institute took place in the auditorium of the High School in early December. Unquestionably it was the best Guidance Institute of the series thus far. Largely attended by both students and parents it was particularly valuable to youth interested in the various vocations. One out-of-town visitor pronounced it the best Vocational Guidance Institute he had ever attended.

Many persons contributed to make the affair the success that it was. The two outstanding, however, were Mr. John A. Taylor, Acting Head of the Guidance Department of Saugus High School, and Mr. Roger C. Rice, Chairman of the Vocational Guidance Committee of the Saugus Lions Club.

The school authorities extend their thanks to the officers and members of the Saugus Lions Club for their sponsorship of this highly educational project.

Resignation of Mrs Hallin

Late in 1943 Mrs. Annie L. Hallin, a member of the School Committee for several terms, resigned. Mrs. Hallin is to live in Florida during the winter season and in New Hampshire during the summer.

The School Committee regret the fact that Mrs. Hallin is terminating her service as a School Committee member. Faithful in attendance, wise and fair in all her decisions and of sound judgment, Mrs. Hallin made an ideal member of the School Committee.

It is the hope of all of us that she will enjoy good health in the days to come and that she will continue her sincere interest in our school system.

Salaries

Since the rapid increase in the cost of living, School Department employees have been voted a permanent salary increase of five per cent and a temporary salary increase of ten per cent. Although the increased cost of living is greater than fifteen per cent the School Committee feels that it should not ask for a further general salary increase for its employees in 1944. This, of course, is on the assumption that the cost of living is kept at the approximate level of January 1, 1944. If inflation sets in and prices are to rise sharply the School Committee reserves the right to act promptly in the interest of fairness to its employees. Practically all employees of the School Department are in the white collar group and would be seriously affected by a further sharp rise in the cost of living.

It is to be hoped that the present administration in Washington will see to it that the cost of living is not allowed to still further increase. If it does not, an increased cost of living will bring with it increased wages with a resultant vicious spiral.

The School Committee must always act both in the fair interests of the employees of the School Department and in the interests of the citizens as a whole.

Education of Tomorrow

In the wake of World War II many radical changes will be suggested in public education. Thinking people will do well to appraise carefully any and all proposed changes. There are many educational crackpots in America who will welcome the chance to tear down the old and supplant it with the new. New trends in education should be minutely examined before being adopted. They must be particularly examined with a view

to their basic soundness. Many old fashioned theories and practises in education are just as sound today as they were one hundred and fifty years ago. Much of the new, highly recommended by educational reformers, has been tried. Much has been weighed in the balance and found wanting.

Basic fundamental training in the essentials will be just as important in the first six grades of tomorrow as it is today. It will always be the foundation cornerstone upon which any true education is builded.

Subject matter and methods of teaching in the so-called Junior High stage of education may be changed and maybe should be. I myself believe that there is a fertile field here for future study and improvement. It could well be that the abolition of Junior High set-ups and a return to eight grades of elementary school would be desirable.

My prediction is that there will be definite desirable changes in the subjects taught and the teaching methods used in Senior High School. I list some of the changes with the definite conviction that many are desirable and sound.

(a). Much more emphasis upon the teaching of the manual subjects such as woodworking, metal working, printing, automobile repairing, etc.

(b). Increased stress on the teaching of subjects in the field of social science. (Government, history, constitution, and correlated subjects).

(c). Increased emphasis on the teaching of subjects in the field of science, especially chemistry, physics, and general science.

(d). A definite retention of all courses in mathematics and an even greater and broader training in this field.

(e). A radical change in the methods of teaching foreign languages. Almost certainly grammatical construction, declensions, conjugations, and the like will be

less and less taught. The swing will be toward the teaching of foreign languages by the conversational method. Students will be taught to speak the language fluently perhaps even with little knowledge of the mechanics of the language itself.

May I reiterate, however, that all proposed changes in public school education should be carefully scrutinized, appraised, and evaluated. Radical changes should not be accepted simply because some college professor seeks a little personal publicity. And the test should always be the basic educational soundness of the proposed changes.

It has long been an indoor sport of some industrial and political leaders in this country to point out the alleged shortcomings of public education in America. Could it be that such attacks upon education offer such leaders an opportunity to cover up their own shortcomings?

We in education know that our school systems are not perfect. We also know that, more than any other single factor, education has been the agency by which this country of ours has attained true greatness.

General Eisenhower, General Marshall, General Arnold, Henry Keyser, Cordell Hull, and other Americans, whose names are immortal, were born with latent native ability only. Their development and their present knowledge is directly and fundamentally the product of the American system of education. This fact is indisputable!

No School Sessions

The genuine headache of any Superintendent of Schools is the problem of when and when not to suspend school sessions because of the weather. Any Superintendent would willingly turn this phase of his position over to anyone who desires it.

The primary consideration should always be the health and safety of the school children. All other con-

siderations should be secondary. If a Superintendent errs it should always be on the side of liberality.

In making the decision many things must be considered. Generally they are rain, snow, sleet, hail, wind, temperature, visibility, depth of accumulated precipitation, condition of main highways and side streets, transportation, general health of school children at the moment, season of the year, and others. All are factors and all must be taken into consideration.

Now please remember that a Superintendent of Schools must make a decision at a certain time. He has a radio station to contact, police and fire departments to notify, a bus company to notify, and scores of telephone calls to answer. He is not a miracle man and he has no way of knowing what the weather will be four hours later. He has to make his decision at a specific time dead line and he only has one guess.

Those who criticize, and there are some, have two guesses but no responsibility for making the decision.

As far as I am concerned I shall always use my best judgment after viewing weather conditions as they are at the time that the decision has to be made. Weather bureau reports, many times wrong, are always consulted before a decision is made.

But please remember that there may be a raging blizzard of snow at 6:30 A.M., when the decision has to be made. At 9 A.M., the sun may be shining and the weather serene and calm. But the decision had to be made at 6:30 A.M.—not 9 A.M. This is still New England with true New England weather.

If anyone cares to see this phase of the work of a Superintendent of Schools he is welcome to come to 94 Chestnut Street about 5 A.M., on any stormy morning. If he remains until 8 A.M., he will learn enough so that he will never again have anything but sympathy for the man who pulls, or doesn't pull, the no-school signals.

On High Standard

Scholastically our schools in Saugus remain on a high standard.

Saugus High School is rated a Class "A" High School by the State Department of Education.

We continue to enjoy the privilege of certifying graduates of Saugus High School to some fourteen leading colleges which are members of the New England College Entrance Certificate Board.

The best proof of the type of educational preparation given in our school system is found in the records of our high school graduates. Uniformly their records are above average. This is a source of satisfaction to our teachers and our school officials.

This year we have had several students in our High School who have moved outside of Saugus. They have chosen to remain in Saugus High School, however, rather than attend the high school in the city or town where they are now residing. For this privilege they are obliged to pay tuition. This they gladly do. There must be a reason.

A Challenge to Teachers

Today offers the greatest challenge ever presented the American teacher.

War affects the thinking, the actions, and the very lives of our boys and our girls. In youth today there is a restlessness, apparent to all who want to see. It is a natural reaction to a world of upheaval and chaos. Never before has youth so needed guidance, direction, and purposeful sympathy.

And so today the teacher has a duty which transcends the mere dispensing of academic knowledge. It must be she who teaches the simple imperishable values. It must be she who holds to faith in God and the principles of true democracy. Character, tolerance, faith, and vision, must be important subject matter in today's curriculum. This is the challenge to the

American teacher! To steady youth, to guide youth, yes, to understand youth. To so do her duty that, after the carnage is over, the American boy and girl will be fundamentally sound and capable of clear thinking. To so guide and direct that out of a world of twisted values will come a young America with a sense of proportion and basic soundness.

This teachers is your challenge! If you meet it you are truly a teacher in the broadest sense. If you fail to meet it, you fall short of the highest ideals of your chosen profession.

It is not too exaggerated to say that the citizens of tomorrow will reflect the teaching of today.

May you in the teaching profession hold fast to its best and noblest tradition.

Conclusion

In conclusion I desire to express my thanks and appreciation to the members of the School Committee for their splendid cooperation during the year 1943.

I also desire to express my appreciation to all principals, teachers, and other employees of the School Department for their cooperation. Town officials and individual citizens have often aided and assisted. For this I am indeed grateful.

Respectfully submitted,

VERNON W. EVANS,
Superintendent of Schools

December 31, 1943

Mr. Vernon W. Evans
Superintendent of Schools
Saugus, Massachusetts

My dear Mr. Evans:

I herewith submit my ninth report as principal of the Saugus High School.

School opened on September 8, 1943, with the smallest enrollment

in the Senior High School during the past ten years. The falling off in the enrollment came in the junior and senior years. Several boys in the senior class left to enter the service. Other boys and a good many girls left to go to work.

Faculty Changes

During the calendar year 1943 Mr. Stephen Lovett, acting head of the Guidance Department and Mr. Donald Hammond left to enter the service. Mr. Earl Chadsey, who became head of the Science Department after Mr. John Gifford left us in the summer of 1942, resigned to take a position with a firm doing war work. Miss Ruth Motherwell, one of our Social Studies teachers for a good many years, resigned. She felt it necessary to give up teaching to stay at home with her parents who are in poor health. Mr. Henry Toczylowski, football coach for two years, resigned to take a similar position in Beverly. Just recently Mr. Robert Andrews, teacher of physics and aeronautics, resigned to enter business. He will be leaving us February 1st. Miss Miriam Cameron, school secretary, left in March, 1943, to enter the Women's Army Corps. Miss Marjorie Johnson, music supervisor, resigned in June to be married.

Mr. John Taylor of the Commercial Department was given the position of acting head of the Guidance Department. Mrs. Victoria Foley, one of our former teachers, was elected to take over Mr. Taylor's classes. Mr. Gordon George, a teacher of several years' experience, was elected as teacher of chemistry. The vacancy caused by Miss Motherwell's resignation was not filled. Her classes were given to Miss Solomita and her English classes divided among five of our other teachers. Mr. David Lucey was elected during the summer to be acting head football coach. Mr. Lucey graduated from Boston College in June, 1940. As in the case with Miss Solomita's classes we shall have to divide Mr. Andrews' classes among the other teachers in the Science Department. Mr. Walter Germaine was elected to take Mr. Hammond's place. We con-

sider ourselves very fortunate in being able to have Mrs. Mary March return to her old position as secretary to the principal. Miss Elizabeth Franson, a graduate of Boston University, was elected to take Miss Johnson's place.

We have had several changes in the Central Junior High School, too, during the past year. Early in the year Miss M. Eckless Nay resigned to take a position in war work. Miss Nay had been a teacher in the Saugus Schools for a period of 20 years. Miss Ruth Conrad who came to us in the fall of 1942 left early in the year to take a position in her home town. Mr. Upham Mansur resigned his position in June to take a similar one in the Junior High School in Winthrop.

Mrs. Marjorie Walkey took over Miss Nay's classes until the close of school in June. Mrs. Ethel Dominie took over Miss Conrad's classes until the end of the school year. Miss Gladys Hyland was elected to teach literature in Grade 7. Miss Katherine O'Brien was elected to teach English in Grade 8. Miss Hyland and Miss O'Brien graduated from Salem Teachers College in June. Mrs. Mary Anderson, a teacher of three years' experience, was engaged to teach literature in Grade 8.

Changes in the Program of Studies

During the past year we have made several adjustments in the senior high school courses to meet war conditions. The English Department is stressing the following: vocabulary exercises (including the teaching of prefixes and suffixes, etc., and the uses of the dictionary), punctuation, spelling, pronunciation, exercises designed to promote clear thinking, grammar and correct usage, précis writing (as an aid to promote accurate reading), paragraphing, oral and written expository composition, (giving directions and explanations and making reports), and composition planned to stimulate a knowledge of and interest in national and international affairs. On the other hand, the literature offering

in some of the courses has been slightly curtailed.

In the Mathematics Department we have accelerated the fourth year courses due to war conditions. With graduation coming in May and with many boys leaving from January 1st on to enter service we have found it very necessary to do this. We are requiring all senior boys who are taking an advanced course in mathematics to take Basic Mathematics. This furnishes an excellent review and refresher course in elementary mathematics so much needed for boys entering the service. It gives boys a good ground work in fundamental arithmetic, algebra, geometry, and trigonometry. We have also introduced a course in Practical Geometry. Many of the materials in this course are based on conditions as they are found in the working world. There are few formal demonstrations. We are also teaching Algebra and Geometry together in the second and third years. During the second year the pupils in Algebra will cover through quadratic equations and the following year will complete intermediate Algebra. In Geometry the pupils will cover the first two books of the traditional five books of Euclid, leaving the three shorter ones for the following year.

During a war emphasis should be placed on the value of the study of modern language. The language courses have not been curtailed to any extent. The only exception is in the case of boys in the Scientific course who have been required to take a course in Physical Fitness. They have had to omit French III. Spanish I and II have been restored to the Program of Studies. We placed Spanish again in the curriculum because in the continent to the south of us, great peace time possibilities are open to those who know both the Spanish and French languages. To understand a nation one must know its language, literature and institutions.

Our Science Department has been hard hit by war conditions. This has been true in the majority of high schools throughout the country. At the present time we are

working on several changes that have been forced upon us by the loss of Mr. Andrews. During the past year we have introduced basic courses in machines and electricity. Boys who are not taking college physics and college chemistry are required to take Machines in their junior year and Electricity in their senior year. At the present time we do not have a department head.

We have made some changes in our Social Studies Department. Since September we have been offering two new courses. A course in World History may be elected now by pupils in the three upper classes. A course in Problems of Democracy, a very much worth while one particularly during these times, is open to election by members of the senior class. Many of the classes in this department are running much larger than they have during the past few years due to fewer teachers.

In the Commercial Department we have been trying to step up the efficiency so as to render the maximum service to war time needs. Three new subjects have been introduced for the benefit of the General Course. In the first place a course in General Business Practice designed to equip pupils with practical knowledge and skills needed in order to perform many of the daily clerical activities of the average office was organized this fall. In the second place a course in General Typewriting—a one year intensive subject introduced especially for senior boys who will be entering the service and for girls in the college course is proving worth while. In the third place a course in Salesmanship — one taking up the fundamental principles that govern all types of selling has been put on the elective list. It stresses the importance of developing the right sort of personal traits, it provides definite training in the various aspects of selling and also taking into account the point of view of the consumer of goods and services.

For the second year Guidance is on a full time basis in the Senior

High School. Freshmen and Seniors are required to take one period of Guidance a week. With the aid of the Saugus Lions Club this department sponsored our third annual Vocations Institute the first of December. This was by far the best institute that we have held. The attendance ran over the 600 mark. During the summer this department was moved from the second to the first floor to a room situated across from the main office. A large bulletin board, shelves for books and magazines, and an up to date file for our permanent record cards have been added.

The first of February classes in Physical Fitness were started for boys in the three upper classes. Since we have no gymnasium the assembly hall has been used for these classes. Mr. Toczyłowski and Mr. Bly took over this program. When Mr. Toczyłowski left Mr. Lucey took over his classes. This program has been a great disappointment to us and will be discontinued at the end of January because of lack of proper facilities to meet the required standards. We realized from the first that we could not give the type of work that other schools are giving where they have a gymnasium. In this connection let me say that Saugus High School is the only school of its size in the state that does not have one.

A Problem that Needs Attention

We have had more failures during this past term than for a long time. These failures are due to

several reasons, the more important ones being: pupils in many cases working from four to eight hours in after school time; the attitude on the part of some boys — "what's the use — we'll soon be drafted"; the general unrest among pupils as a whole; and pupils staying out of school without good reason. Parents certainly can help solve this problem.

Awards

At the graduation exercises in May the following scholarships and loans were awarded to seniors with high scholastic standing:

(1) The Riverside Club, \$100 loan—Catherine DeFronzo.

(2) The Women's Civic League, \$100 loan—Helen Hume.

(3) The Saugus Teachers' Association, \$100 scholarship—Catherine DeFronzo.

The Harvard Club of Lynn book award made annually to the most outstanding junior boy was presented to Malcolm Ward.

The Washington and Franklin United States History Medal was presented to Natalie Warren.

The Rensselaer Medal for excellence in Science and Mathematics was presented to Malcolm Ward.

In conclusion I wish to thank you, Mr. Evans, and the members of the School Committee for your helpful advice and encouragement.
